

Request for Proposal-V-SAT Internet Services

About us

Christian Aid works in South Sudan to bring lasting change to the lives of the poorest conflict affected communities. Christian Aid considers poverty as an outrage against humanity. It robs people of dignity, freedom and hope, of power over their own lives. Christian Aid has a vision – an end to poverty – and we believe that vision can become a reality. We work wherever there is great need, helping people to find their own solutions to the problems they face, irrespective of their religion, caste or creed. If you're passionate about positive change among the most vulnerable and excluded, then this job might be for you.
