JOB OPENING Construction Engineer Based in Wau

Approved
25/10/2016

The International Committee of the Red Cross (ICRC) is an impartial, neutral and independent organisation striving to protect and assist the victims of war and internal violence that has been working in South Sudan since 1986. The ICRC is looking for a motivated person for the above position to be based in Wau (with frequent visits to the field).

Main Duties and Responsibilities:

- Frequent long trips to monitors the implementation of various Water and Habitat (WatHab) projects in Former Warrap, Northern & Western Bar Ghazel states
- Carry out activities related construction, monitoring and supervision of construction related activities
- Proposes and designs construction projects to meet the assessed needs, including monitoring and supervision of the projects
- Participates in the evaluation of projects: technical study, engineering drawings, bill of quantities and tender launching.
- Carry out water supply related activities, such as hand pump / borehole / water yard / water treatment plant rehabilitation, when required
- Manages teams of workers, provides technical expertise and ensures the project adheres to the pre-defined plan.
- Assists the delegate with assessments whenever necessary.
- Develops and maintains a network of relevant contacts relevant for water programs and engages authorities and beneficiaries in the projects.
- Assists the work in ICRC premises whenever required.

Minimum required knowledge & experience:

- Bachelor Degree in civil engineering, some college coursework completed, an Associate Degree or equivalent higher education degree in construction, civil engineering or any related technical field.
- Additional vocational training in water supply, sanitation or any related technical field.
- 4-6 years of experience in construction, engineering or similar technical position.
- Advanced conversational in English and Arabic; proficiency in Dinka dialect is an asset.
- Expert level in computer skills (including MSOffice and some CAD drawing and design software)
- Skilled in the following competencies: Adapting & Learning; Team Work, Planning, Organization & Assessment; Analysis & Synthesis; Responsibility & Autonomy.
- Familiarity with the standard norms and rules in construction, local techniques and requirements for construction.
- Driving license, succeeded in ICRC driving test.
- Experience in assessing, surveying, calculating and preparing estimates and technical drawings of buildings.

Interested candidates should submit their application clearly marked "**Construction Engineer - Wau**" (including C.V. written in English and copies of certificates) at latest **Monday, 7th November 2016** to **The Administrator**.

either At the ICRC reception : Juba, Wau Bor, Bentiu and Rumbek
or By email to : jub_hr_services@icrc.org

Only short-listed candidates will be contacted. Application files not retained will not be returned.
