

ICRC

International Committee of the Red Cross
ICRC Compound, Ministries Road, Amarat Juba, South Sudan

JOB OPENING **WATHAB ENGINEER II** **Based in Kodok, Upper Nile**

The International Committee of the Red Cross (ICRC), an impartial, neutral and independent organisation striving to protect and assist the victims of war and internal violence, has been working in South Sudan since 1986. The ICRC is looking for an enthusiastic and motivated person for the above position based in Kodok.

Main Duties & Responsibilities:

- Plans and organizes visits on site.
- Analyses the collected information, draws appropriate conclusions & makes recommendations
- Proposes and designs WatHab projects to meet the assessed needs according to objectives.
- Carries out costing of projects and prepares BoQs.
- Contributes to the planning and organization of activities together with the WatHab delegate.
- Ensures works are implemented correctly, on time, and within budget.
- Manage contractors and/or daily workers in the field
- Monitors and evaluates the program regularly.
- Ensures that objectives are respected under the supervision of the WatHab delegate
- Reports on problems without delay to the direct supervisor.
- Regularly updates WPA projects to keep information up to date.
- Provides statistics or other reports when required.
- Contributes to institutional reporting (QTR etc.).
- Develops and maintains a network of relevant contacts to further the WatHab programme
- Submits the monthly Time Reporting.
- Contributes to the monthly financial forecast together with the WatHab delegate in charge.
- Ensures payments of daily workers, suppliers and contractors according to procedure.
- Makes orders through WPA or FSS according to procedure.
- Maintains a list of suppliers and contractors up to date.

Minimum Required Knowledge & Experience:

- Bachelor Degree in civil engineering, some college coursework completed, an Associate Degree or equivalent higher education degree in construction, or any related technical field.
- Additional vocational training in construction, water supply, sanitation or any related technical field.
- 4-6 years of experience in construction, engineering or similar technical position.
- Advanced conversational in English, Shilluk & Arabic.
- Expert level in computer skills (MS Word, Excel and some CAD, sketchup drawing & design software)

Interested candidates should submit their application clearly marked **"Wathab Engineer II"** (including C.V. written in English and copies of certificates) at latest **Wednesday 28th December 2016** to **The Administrator**;

either
or
