

Samaritan's Purse Tender/RFQ Code of Conduct

Dear Bidder,

Thank you for your interest in working with Samaritan's Purse (SP). It should be noted that Samaritan's Purse wishes to engage with only ethically minded businesses. If you are one of these, we want to work with you!

SP would like to share the process which you are entering into if you choose to submit a quotation. SP goes to great lengths to separate duties related to procurement to remove any possibility of outside influence. Please note that you will never be solicited by anyone who has influence on the selection process whether during quotation or vetting. If you are approached by an SP employee soliciting you for any unethical behavior, immediately report to the tender committee per the contact details posted at the end of this notice. Note: SP employees are also requested to report any suppliers soliciting them! DO NOT solicit our SP staff. If you are found to have solicited SP staff you will be permanently removed (blacklisted) from ALL SP procurement opportunities.

QUOTATION SELECTION PROCESS

- 1) **Submission.** *Submit your application per the submission guidelines posted on the tender. Follow this carefully to avoid your quotation being removed for non-compliance at the submission stage.*
- 2) **Tender Opening.** *Quotations submitted to the physical tender box or the virtual tender box (SouthSudanSealedBid@Samaritan.org) are opened by the tender committee members only. There is no opportunity for outside influence.*
- 3) **Tender Award.** *All quotations are reviewed and compiled by the tender committee. The tender committee is comprised of 4 Managers from various (non-procurement) departments within SP. There is not a representative from the procurement department. No individual who may solicit a quotation from you can influence the committee decision nor can they manipulate any information throughout the Tender process. Award of the Tender is based upon **BEST VALUE**. You will only win the award by providing the **LOWEST** prices on the **HIGHEST QUALITY** products and offering the best **CUSTOMER SERVICE**. NOTE: third party suppliers are automatically removed.*
- 4) **HINTS at winning the award.**
 - a. *When submitting your quotation, please only quote on your specialty of service. Suppliers providing all things from food, office supplies, construction goods, printing, transport and fuel are not taken seriously by the committee.*
 - b. *If you have ex-stock of auto supplies, only bid on auto supplies, etc. Your business will be physically and extensively vetted by SP before final selection to determine what your actual specialty is. If your business operation/store is not specifically having ex-stock, your quotation will be rejected by the committee at vetting stage.*
 - c. *Provide exact specifications of the supplies that you wish to provide including Brand, Model and Origin, if applicable. Although the Tender/RFQ may provide a generic description, you must indicate what specification you are actually providing. If not, your quotation will be rejected by the committee as it is unknown what you are providing.*
 - d. *The committee can receive up to 60 quotations for one Tender. The process is highly competitive. Provide the BEST possible price, HIGHEST QUALITY and accommodating CUSTOMER SERVICE. This is critical to winning the award.*

Whistleblower Protection. Report any unethical behavior to SP leadership in one of three ways.
