Project Summary:

The Monitoring and Evaluation Support Project (MESP) provides USAID/South Sudan with flexible, demand-driven technical, analytic, advisory, training, monitoring, evaluation, and related support services under USAID Forward. The project includes monitoring and evaluation technical support to the Mission for performance management at all levels as well as support to assessments, analytical research, and related services required for new project designs, sector strategies, and broader strategic revisions. The Conflict Specialist will participate in a Rapid Education Risk Analysis (RERA), which is an exercise that offers a more in-depth view into the community-level dynamics of conflict and how they interact with education and other basic services. The RERA therefore will assist the Mission in reaching decisions related to future programming in the education sector. The RERA will target up to 2 schools in Protection of Civilian (POC) sites/ Internally Displaced People (IDP) camps in Central Equatoria, Western Equatoria, Lakes, Upper Nile, Jonglei, and Unity. The research team will also visit 2 schools (1 primary and 1 alternative education center) in surrounding areas. The Conflict Specialist will be responsible for managing his or her field team, including a Research Specialist and a Research Associate (e.g. note-taker).

Position Summary:

Under the direct supervision of the Team Leader, the Conflict Specialist will be responsible for participating in the design and delivery of training of the research team, as well as in data collection, data analysis and report writing, and debriefing the USAID team and a wider audience that may include, implementing partner(s), government invitees, and other interested stakeholders.
