

VACANCY ANNOUNCEMENT

Vacancy Title: M&E Officer

Location: Longechuk and Malwut, NIDO Field Offices

Number of Posts: 2

Reports to: M&E Manager

Start date: As soon as possible

End of Contract: Two Years.

A. Introduction

NIDO (Nile Initiative Development Organization) is a non-profit making organization dedicated to implementing health care program in developing countries. The accomplishment of its mission is made possible by highly motivated and dedicated employees, committed to the mission, vision, goals and objectives of (NIDO)

Accordingly, NIDO recognizes that its employees are responsible for its past accomplishment and provide foundation for continued future service for those in need.

NIDO is a donor funded Organization, therefore terms and condition of employment are subjected to available project/program funding. An awareness of NIDO'S purpose and goals will enable employees to benefit from their employment, share a common purpose and more effectively meet their responsibilities.

B. Project

The EHSP is a two-year project funded by World Bank through UNICEF South Sudan Country Program and EHSP supports services in the two former states of Jonglei and Upper Nile State respectively.

World Bank awarded the contract to UNICEF to act as the Fund Manager for the ESHP project so as to manage activities of implementing partners.

Whilst providing Essential Health Service Delivery (EHSD) to the vulnerable population of Upper Nile and Jonglei State, the ESHP project will also help to strengthen and enable the Government of the Republic of South Sudan (GRSS) to be the leader in developing a health delivery system that saves lives. This will be achieved through supporting transition to government-led service delivery.

The key objectives of the ESHP are to:

1. To increase the utilization and quality of health services, with an emphasis on maternal and child health.
2. To scale up health promotion and protection interventions so as to empower communities to take charge of their own health.
3. To strengthen institutional functioning including governance and health system effectiveness, efficiency and equity.

The EHSP supports delivery of essential primary health care and referral health services up to county hospital level, as well as health system strengthening at the national, state, county and facility/community levels. The ESHP is supporting these services in the two former states of Upper Nile and Jonglei State

Duties:

As M&E Officer will perform the following duties;

1. Responsible for entire data collection for the RRHP Project and review, analyze data and enter into the DHIS
2. Ensures the use of the standard monitoring and evaluation framework that will generate timely information and feedback to staff that includes supporting the implementation and analysis of findings regarding routinely collected data, monitoring and mass campaigns
3. Produce monthly, quarterly and annual M&E reports based on agreed indicators that will guide decision making and program implementation.
4. Work with partners and state support manager to ensure the collection of relevant and appropriate data which is needed for an effective M&E system which will be utilized in the monitoring of strengths, weaknesses and gaps in existing routine reporting.
5. Facilitate capacity building for implementation partners and field officer to enable them to monitor the activities, gather relevant data and produce required progress reports.
6. Manage day-to-day operations of the M&E system for the RRHP II Project; including support of partners and field officer in continued and consistent use of M&E tools and instruments.
7. Develops, maintains and adjusts, as needed, the Project's performance monitoring plan; recommending indicators and targets and identifies data sources and collection mechanisms.
8. Provides technical assistance in health policy including health management information systems and monitoring and evaluation and improvement of existing information systems.
9. Perform other duties as assigned regarding monitoring and evaluation.
