

## VACANCY ANNOUNCEMENT ANTICIPATED DFID-FUNDED PROGRAMME

**Post Title: MEA Advisor**

**Number of Vacancies: 01 (one)**

**Duty Station: Juba, South Sudan**

**Contract length: 1 year renewable**

**Reports to: Team Leader**

### Organizational background

IMA World Health is seeking applications for a Monitoring and Evaluation (M&E) Advisor for an anticipated DFID-funded programme in South Sudan. The Integrated Community Case Management 2 (ICCM2) programme aims to improve access to life-saving health treatments for children suffering from malaria, diarrhoea, pneumonia and severe acute malnutrition (SAM) and contribute to a reduction in the under-five child mortality rate in South Sudan. The ICCM2 programme will continue to ensure essential medicines are available to community based distributors across 8 states in South Sudan. S/he will provide oversight, for all programme activities ensuring continuity of programmatic objectives and targets as they relate to the initial indicators. The M&E Advisor will report directly to the programme Team Leader.

### Duties:

- Provide technical assistance on organization and programmatic improvement in robust M&E best practices.
- Develop robust meta-evaluations on key topics.
- Provide on-going support to strengthen program level monitoring and evaluations.
- Manage monthly and quarterly data collection, cleaning, entry, and analysis to ensure timely and complete reporting; compile and compose comprehensive quarterly grant reports and narratives.
- Participate in M&E technical working group at Ministry of Health and other relevant cluster meetings as needed.
- Provide high-level M&E support and capacity-building to DFID staff and other stakeholders.
- Support design of appropriate indicators.
- Communicate findings to a wide range of relevant development partners and stakeholders.
- Develop technically sound findings, recommendations, lessons learned reports and findings.

The position requires a competent and experienced person with the following attributes:

- Master's degree in a relevant discipline (PhD strongly preferred).
- Demonstrated experience in high-level, strategic M&E and strong technical expertise in evaluation methods, including innovative and best practices for robust analytical methods and analysis.
- Proven experience in evaluating complex health projects defining lessons learned and recommending strategies for improvement.
- Prior experience working on DFID-funded projects preferred.
- DHIS2 knowledge and experience is an asset.
- Experience working with a multi-national staff in a complex setting.
- Experience working with multiple stakeholders and clients in a results-based manner.
- Excellent writing and presentation skills.

- Strong interpersonal, leadership, and facilitation skills.

**Contact**

Interested candidates who meet the above conditions should forward their CV and covering letter (which should include the contact details for at least two professional references from previous employers to: [bdreruit@imaworldhealth.org](mailto:bdreruit@imaworldhealth.org) . Deadline for submission is **Friday March 10, 2017 by 5pm Juba time.**

**NB:** Applications received later than the deadline will not be short-listed. Only short listed candidates will be contacted. **Due to the urgency of this vacancy announcement IMA reserves the right to fill this position prior to the closing date**

IMA World Health is an equal opportunity and affirmative action employer.
