

BUILDING FLOURISHING COMMUNITIES

Vacancy Re-Advertisement Announcement: Medical Officer-Raja

Introduction

Cordaid is a Dutch, international non-governmental organization which combines 100 years of experience and expertise in emergency aid and structural poverty eradication. Cordaid believes in a world without poverty and exclusion. We strive for a just and sustainable society where every person counts. We stand for knowledge and talent sharing between North and South, between farmers and businesses, between activists and policymakers. Where poverty, conflict and exclusion tear up societies, we connect people and communities. We also stand for professionalism, expertise and solidarity across borders, to make a difference where it is most needed. Together with more than 600 partner organizations in Africa, Asia, the Middle East and Latin America we structurally improve the living conditions of the poorest and most excluded populations - the bottom billion.

Cordaid has been active in South Sudan for more than 20 years, with a strong focus on civil society capacity-building. Currently it has programmes in emergency response, DRR, health, food security, extractives, security & justice, women leadership and investments. Cordaid is active in seven States in South Sudan. Presently, Cordaid is expanding its emergency Programme in different parts of the country. For that purpose, additional technical capacity is required. Cordaid is therefore currently looking to fill the position of

POSITION TITLE: Medical Officer

JOB LOCATION: Raja Hospital

General Description of the Role

Working under the direct supervision of the Hospital Director, the Medical Officer will primarily be responsible for day to day clinical care of patients at Chukudum County Hospital (both at Out-patient and in patient's department) and ensuring that patients attended to at the Hospital get the best possible quality of care. The Medical Officer will work in collaboration with other clinical staff at the hospital in ensuring high-quality clinical services are provided. S/he will monitor service quality, ensuring that all staff are trained on the job and supported.

Key Responsibilities and Tasks

- Diagnosing, treating and managing patients in specialized clinics in the OPD and IPD and ensure high quality clinical care is provided to all patients at the hospital;
- Do daily ward rounds for the patients in the IPD and provide the necessary care per the identified needs;
- Manage all components of the medical practice set-up and ongoing management based on the South Sudan treatment guidelines and protocols;
- Provide diagnostic ultrasound services to patients in need;
- Participate in performing surgeries (both emergency and elective) to patients in need and provide postoperative care;
- Participate in supportive supervision for junior staff and provide on the job training as needed;
- Participate in monitoring the drugs and medical consumables consumption to ensure efficient but cost effective utilization of medicines and medical consumables;
- Assist the Hospital Director/Hospital Coordinator in preparation of equipment, drugs and medical consumables orders where applicable. This includes selection, acquisition, training on use and maintenance to offer a high degree of healthcare delivery;
- Assist with developing of teaching resources, materials and programs for the clinical staff;
- Collaborate with the Hospital Director in the development and implementation of continuing medical education for clinical staff through scheduled lectures, grand rounds and educational forums/presentations;
- Collaborate and work closely with the senior nurse/Midwife and hospital matron to meet established medical and customer service care;
- Review performance of direct reports and their adherence to guidelines and protocols to ensure quality of care;
- Ensuring that staff adheres to the Professional Code of Conduct and Ethics;
- Supervise and appraise staff performance;
- Participate in any research activities;
- Any other duties that may be assigned from time to time.
