VACANCY ANNOUNCEMENT

POSITION TITLE: Project Health Supervisor (Emergency)
DUTY STATION: Kajo-Keji County
REPORTS TO: Project Coordinator
STATUS: Full Time
SUPERVISORY CAPACITY: Mobile Clinic Health Workers and Community mobilizers
DURATION: 3-months, (Subject to funding)

COUNTRY PROFILE

Operational in South Sudan since 1994, ARC has been implementing multi-sectoral programs that include primary health care, water and sanitation, reproductive health care, HIV/AIDS and gender based violence prevention and response, and activities geared towards creating economic opportunities for returning populations. Since 2013, among other things, ARC has been an Implementing Partner to run a county-wide health service delivery model under USAID funding. ARC has been the lead Implementing Partner in implementing county-wide service delivery model and hospital projects under Health Pool Funding (HPF) in Kapoeta East, Kapoeta South, Kajo-Keji and Magwi Counties and Awil State Hospital and Kapoeta Civil Hospitals. More recently, ARC formed a consortium with other organizations and has been supporting the county-wide health service delivery model under the Health Pooled Fund 2 (HPF2). Following the ongoing fighting that result in displacement of local communities and breakdown of health systems, ARC is staging multi-sectoral response to address the humanitarian needs of Internally Displaced Peoples (IDPs).

PRIMARY PURPOSE OF THE POSITION

The primary purpose of the Project Health Supervisor is to ensure effective implementation of the emergency health response in Ajeo, Logo and Kerwa IDP camps and host communities. S/He is responsible to train health workers and volunteers, monitor quality of the program, track performance and report. S/He will work directly with health workers and volunteers in mobile clinics and targeted health facilities in the nearby host communities in Kajo-Keji. S/He will be based in Kajo Keji with frequent

travel to the IDP camps. S/He will be working closely with the project coordinator, County Health Departments (CHDs) and local authorities

OVERALL SCOPE OF THE WORK

- Ensure the quality and standards of the health service delivery in the mobile clinics and targeted health facilities in accordance with the Basic Package of Health and Nutrition Services (BPHNS) in South Sudan and SPHERE standards and approved work plan and budget.
- Responsible for identifying the training needs and providing on-job and in-service training for health workers and volunteers working in the Mobile Clinics and targeted health facilities in line with the budget and work plan.
- Responsible for timely collection of reports from the mobile clinics, targeted health facilities and community volunteers to help monitor performance of the health program against set targets.
- Responsible to ensure access, quality and utilization of the health services to IDPS.
- Work very closely with ARC staff members, CHD staff members, Payam supervisors, health facility staff and community leaders.
- Responsible to organize meetings with community volunteers to document and report their activities

MAJOR DUTIES/RESPONSIBILITIES:

- Oversees the implementation of all primary health care activities at mobile clinics and targeted health facilities including: epidemiological surveillance, Ante Natal Care (ANC), Maternal and Child Health (MCH), Out Patients Care (OPD), HIV/AIDs, Essential Programme on Immunization (EPI), Health Education and Laboratory services to make sure that relevant data are recorded and reported.
- Instigate appropriate systems to track project indicators and provide regular visit to the mobile clinics and targeted health facilities to ensure those indicators are captured and monitored
- Identify gaps and distribute standard manuals, guidelines and IEC/BCC materials to the mobile clinic and targeted health facilities to be effectively utilized by the health workers to help ensure the quality and standard of service delivery in accordance with SPHERE standard and BPHNS standards.
- Identify the training needs and provide on-job training to mobile health clinic and targeted health facility staff and volunteers. Among other things, on IMNCI, Clinical Management of Rape (CMR), disease surveillance and hygiene promotions.
- Conduct joint visits with CHD to the health facilities and community volunteers to ensure appropriate use of HMIS tools and record keeping based on standard MoH protocols and guidelines.
- Organize joint monitoring visits with the ARC and CHD staff to the mobile clinics and targeted health facilities and community volunteers for monitoring and data verification.
- Ensure proper use and monitoring of essential drugs and supplies in the mobile clinics and targeted health facilities.

Other Functions

- Perform any other related duties that may be assigned by line manager.
- Comply with ARC Standard Operational Procedures.

EDUCATION, TECHNICAL SKILLS & KNOWLEDGE REQUIRED

- University Degree/Diploma in Health (Nurse, Midwife, Clinical officer) with 6 months relevant emergency program experience
- Relevant training on IMNCI, CMR, Clinical Monitoring or program management
- Prior experience in similar context and emergency program. If possible, experience in Mobile clinics and Health program for IDPs in South Sudan.
- Prior experience in working with local governments and communities under similar capacity.
- Fluent in English and one of the local languages in Kajo-Keji County.
- Computer skills including MS Excel, MS.Access, Ms.Word, MS ppt and Email.
- Excellent skills and experience in training facilitation, mentoring and capacity development
- Proven ability to work cooperatively with others in a team environment
- This position is open to South Sudanese Nationals only.

KEY BEHAVIORS & ABILITIES

- Highly motivated, self-starter, ability to work independently and has ability to incorporate constructive feedback
- Demonstrated ability to work in a fast-paced environment with tight deadlines, effectively managing multiple priorities
- Flexibility and willingness to adjust to changing responsibilities or needs as they arise
- Willingness to frequently travel and live in remote and security difficult situation

HOW TO APPLY

Qualified and interested candidates should submit their letters of interest plus CVs to ARC South Sudan office located at Thong ping UNIMIS road Juba (near UNMIS main) or the **ARC South Sudan field office located in Kajo-Keji**. Applications can also be submitted to the following email address: ssvacancies@arcrelief.org
