Number of Post One (1)
Band /Level /Grade: 8B
Department: Environmental Health
Location: Ajuong Thok
Overtime Eligible: N/A
Contract Status Fixed Regular
Date of Issue: Monday, 29th August 2022

Background/IRC Summary:

The International Rescue Committee as one of the world's largest humanitarian agencies, provides relief, rehabilitation, and post-conflict support to victims of oppression and violent conflict in 42 Countries. IRC is committed to bold leadership, innovation, and creative partnerships. South Sudan, an independent nation since 9th July 2011, is emerging from decades of brutal civil war rooted in disputes over religion, ethnicity, resources, governance, and self-determination. The security situation remains fragile, and the operational context is challenging. IRC has been in South Sudan since 1989 and currently operates in Northern Bahr El Ghazal, Lakes, Unity, and Central Equatoria States. IRC South Sudan program is currently seeking qualified candidates to fill the above vacant position.

JOB SUMMARY:

Under the supervision of the Environmental Health manager, the Environmental health/Sanitation Officer will be involved in planning, implementation, management, monitoring, and evaluation of the implementation of sanitation infrastructures and capacity building of staff and volunteers in the communities to promote good sanitation and hygiene practices. S/he will be responsible for the construction of sanitation facilities and management of field team, intensive training, and mentoring skills, and working in coordination with the other Water supply and Sanitation officers. The position requires strong sanitation facilities designing skills, construction supervision including good team leadership.

Major Responsibilities/Duties:

The main duties and responsibilities of the Sanitation Officer includes the following:

1. Assist the Environmental Health Manager to develop all the necessary designs, technical drawings, bills of quantities, and specifications for the sanitation projects in Host communities. Also, prepare follow-up schedules to sanitation projects implement throughout the construction phase and ensure that designs specifications are followed during construction by the construction technicians.
2. Work closely with the host community leadership and identify households that are ready to construct latrines and support the targeted households with the required materials and monitor the constructions.
3. Work closely with other Environmental Health Manager to Lead and monitor the team of construction technicians, supervisors, sanitation assistants, and sanitation promoters in implementing all the aspects of sanitation components in the targeted host communities.
4. Coordinate with the field team to ensure accurate sanitation data including beneficiaries of constructed household and shared latrines are gathered and correctly recorded.
5. Organize and facilitate training for Sanitation promoters on Participatory sanitation and hygiene promotion approaches, (PHAST, CHAST, and CLTS).
6. Engage the targeted community leaders to develop a community mobilization plan and strategy for effective sanitation project implementation in the communities.
7. Monitor decommissioning procedure and ensure that the procedures follow appropriate standards
8. The Sanitation officer will be responsible to organize training and international observance days related to sanitation.
