Across is an International Christian and Humanitarian Organization serving South Sudan since 1972 with a mission of "Transforming individual lives and communities in South Sudan and beyond" ACROSS is looking forward to recruit a qualified South Sudanese to fill the position of Midwife.

Purpose of the position:

The Lab assistant will be responsible for providing medical laboratory tests at the health facility in Lasu refugee settlement.

S/He is responsible for a variety of moderate to complex, clinical laboratory testing in Chemistry, Hematology, Microbiology and Blood Bank. Perform QC/QA procedures, preventive maintenance and test validation. Review and report test results in accordance with laboratory standards. Maintain working knowledge and laboratory policies and procedures.

Major Responsibilities:

1. Identify, plan, design, and perform quantitative and qualitative analyses to drive evidence-based, data-driven decision making for program strategies.
2. Work with the MoH, reference lab and other partners to review, evaluate and improve the laboratory network ensuring that sample transport routes are optimized and defined, and that result reporting systems and quality control mechanisms are put in place
3. Collect and prepare the sample of patient to do the laboratory tests.
4. Prepare the reagents, chemical solution and other materials before using them for the laboratory tests.
5. Make the laboratory tests according to doctor's requests.
6. Prepare the laboratory and the documents according to the quality control procedures.
7. Administering medications and maintaining proper supplies of laboratory equipment/supplies.
8. Monitoring and controlling the patient's samples that may be contagious and disposed in accordance with the safety and security procedures.

9. Filling the related records.
10. Update the health facility databases on daily bases and submit the weekly reports.

Minimum Qualifications:

1. A committed hard working born again Christian, flexible team player whose interest is to serve vulnerable communities and make the community a better place.
2. Diploma in Laboratory technician/Laboratory sciences from a certified university.
3. At least 3 years' work experience
4. Ability to lead, train, supervise and facilitate.
5. Ability to maintain confidentiality and respect for patients at all times is essential.
6. Good communication skills: fluency in English and Arabic is essential.

Personal skills/attributes required:

1. Committed Christian with cross-cultural experience with acute understanding of ACROSS Objectives/vision.
2. Advance degree.
3. Strong leadership skills, self-driven, innovation and ability to work in a team.
4. Familiarity with common standards such as Sphere and Core Humanitarian Standards.

How to apply:
