

CHADO
COMMUNITY HEALTH AND DEVELOPMENT ORGANIZATION

VACANCY ANNOUNCEMENT

Job Title: Nutrition Officer

Duty Station: Guit Town, Guit County

Reporting to: County Health Coordinator

Anticipated Started Date: May 28th, 2020

Advert Closing Date: June 16th, 2020

Background:

Community Health & Development Organization (CHADO) is a national humanitarian NGO established in 2015, dedicated and committed to basic human needs and improving the lives of vulnerable women, children, IDPs and Host communities. CHADO through its work in emergencies and long-term development strategies aimed at saving lives, relieving suffering and providing opportunities for a better standard of living for thousands of people. We provide lives saving through provision of Education in emergencies, Health & Nutrition, Child protection, GBV, WASH, FSL and Communication for Development (C4D). CHADO is currently operating in formerly states of Unity, Upper Nile, Eastern Equatoria, Lake, Central Equatoria and western Bhar el Gazal states. CHADO is seeking for a Qualified **Nutrition Officer** to be based in Guit town, Guit County.

Job purpose:

The nutrition officer is responsible for implementing nutrition surveillance and prevention of malnutrition through facility-based information kiosks in coordination with partner NGOs, and communities. Developing appropriate communications in preventing malnutrition among under-five children and fostering behavior change in the target population through the use of BHWs and EPI vaccinators. He/she shall liaise with nutrition NGO implementation partners, County Health Departments and SMOH on all aspects of nutrition programming for children less than five years, pregnant and lactating mothers.

KEY RESPONSIBILITIES

- ❖ Leads in regular and monitoring visits to the health facilities and community documenting key nutrition concerns.
- ❖ Gathers relevant information on the HPF-3 project to enhance informed accurate decision making and sharing information with / from local communities to improve Nutrition standards in the community.

- ❖ Attend focused group discussions and other related community level meeting to identify constraints to success of nutrition interventions.
- ❖ Contribute in data collection, nutrition surveys, campaigns and monitoring of nutrition trends.
- ❖ Support engagement of communities in improved nutrition practice including promotion of traditional food security structures.
- ❖ Ensure that cross cutting issues such as protection, gender, environment, HIV are address and mainstreamed in the project including Covid-19 pandemic
- ❖ Participates in the field team monitoring of HPF-3 project interventions
- ❖ Performs any other related duties that may be assigned by line manager

KNOWLEDGE, SKILLS AND ABILITIES

- ❖ Diploma in Public Health, Nutrition and Dietetics, or other related field is required.
- ❖ Bachelor's degree is an added advantage.
- ❖ Experience in the area of nutrition promotion and addressing malnutrition.
- ❖ Two to three years' experience in a similar role
- ❖ Excellent written and spoken skills in English, Arabic and local South Sudan languages
- ❖ Excellent communication (written and oral), editing, and advocacy skills.
- ❖ Computer literate in (Microsoft word, excel, and power point presentation).
