CORDAID SOUTH SUDAN PARTNERSHIPS EXPRESSION OF INTEREST

Cordaid is an internationally operating emergency relief and development organisation, working in and on fragility. We believe in a world where people can break through barriers of poverty and exclusion, and influence decisions that affect them. A world with an economy not driven by greed and growth, but by inclusivity, social justice, and gender equality. We address these causes of fragility. We support local communities, service providers, and frontline aid workers in creating food security, offering health care and education, assuring access to justice, and promoting gender equality. We empower people economically, facilitate jobs, and foster inclusive economic growth.

To deliver timely and quality deliverables, Cordaid partners with like-minded international and national organizations. Cordaid believes in the power of collaboration to promote and contribute towards sustainable outcomes. Cordaid South Sudan Country Office invites expression of interest for partnership from local and national actors for the period 2025-2028. The deadline for the submission of the Expression of Interest is **January 31, 2024**. Any application received after the stipulated date will not be considered.

Thematic areas for partnerships include Healthcare, Justice and Peace, Humanitarian Assistance (including emergency response), Nutrition, education and Sustainable Agri-food systems. The main objective of this exercise is to have a strategic partnership agreement with local and national partners with the capacity on the above mentioned thematic areas. Among others, Cordaid will consider geographical coverage, legal existence, thematic experience, accountable systems and approaches among others when considering organizations for partnerships. Interested partners are encouraged to fill the table below that highlights key partnerships requirements.

Please use the table below to fill out the table below with requested information
