Country	South Sudan
Name of project	National WASH Project
Project ID	P180171
Grant ID.	E-1920-SS
Assignment title	Recruitment of a Firm to Update the (7) Towns Existing Feasibility Studies for Water Supply and Sanitation
Reference no.	SS-MWRI-496984-CS-QCBS

1. The Government of the Republic of South Sudan (GRSS) is preparing a National Water Supply, Sanitation and Hygiene (NWASH) project to address the WASH challenges in the Republic of South Sudan. The preparation of the proposed NWASH project is supported by World Bank, financed through the International Development Association (IDA). In addition, IDA is also supporting the implementation another project in South Sudan, the first phase of the Regional Climate Resilience Program for Eastern and Southern Africa (RCRP). The Ministry of Water Resources and Irrigation (MWRI) is responsible for the preparation and implementation of both projects. To support the preparation of the NWASH project, the MWRI seeks to **recruit a firm to update the existing feasibility studies for water supply and sanitation interventions for the seven towns under consideration for the project.**
2. The objectives of the consultancy service are to review, validate and update feasibility studies and detailed engineering designs for the selected cities that were conducted under the Multi Doners Trust Fund MDTF project in 2012, and prepare related tendering and bidding documents. The updated documents should reflect the current socioeconomic, environmental, technical, and institutional context to ensure bankable and implementable project proposals aligned with national priorities and donor requirements. Further, to ensure that the interventions supported under the project provides quality infrastructure facilities that benefits the intended community in line with the objectives of NWP.
