

## Medical Logistician - Vacancy

**Organization:** Amref Health Africa - Comitato Collaborazione Medica ETS (Amref – CCM Foundation)

**Position:** Medical Logistician

**Number of Positions:** (1)

**Location:** 100% Field Based (Greater Tonj)

**Reports to:** Lot Coordinator/Program Manager Lot 19

### ***AMREF – CCM FOUNDATION:***

Amref - CCM Foundation is an International Non-Governmental Organization with operations in South Sudan. Our vision is "We believe that every human being, even the most vulnerable and marginalized, must enjoy the right to health understood as the overall well-being of the individual".

We support development actions that protect and promote the right to health, with a holistic approach, responding to health needs and acting on socio-economic factors, identifying poverty as the main cause of lack of health and we address our actions to the poorest populations and we work in the most disadvantaged areas of the world through the collaboration among people and communities in Italy and in low-income countries.

### **Job Purpose**

The Medical Logistician is responsible for the process of planning, implementing, managing and controlling all activities involved in sourcing, procurement, distribution, and logistics management of all pharmaceutical (including laboratory supplies and medical supplies) for Amref - CCM Foundation within the area of operation. He/she is also responsible for providing technical assistance and capacity building in health commodities forecasting, quantification, ordering, storage and use across all supported health facilities, in close collaboration with the County Health Departments and technical team.

He/she will report to the Lot Coordinator and collaborate with the Procurement and Logistics Coordinator for the effective management and coordination of pharmaceutical procurement- and logistics-related activities in the country.

### **Duties and Responsibilities**

- Strengthen commodity (pharmaceutical and laboratory) logistics management, information management and tracking;
- Organize and ensure the standardization of order, procurement, transportation and delivery management; Ensure compliance with Amref – CCM Foundation and donor procurement drug policies and regulations;
- Develop and maintain databases for all relevant sites, commodities, reporting, and supervision at all levels;
- Support the Lot Coordinator and the Procurement and Logistics Coordinator in the development and management of tenders and contracts as appropriate;
