In spirit of spreading our services to the rest of the country and building the knowledge base of South Sudanese accounting professionals. We will be rolling out our QuickBooks training based to Wau so as to build the capacity of finance officers who are in Wau as well those in the neighboring towns of Kuajok, Aweil , Nyamlel and others.

QuickBooks is a World class accounting software package suitable for small to medium-sized organizations. It has become a household name within organizations in South Sudan and it is the ideal system to manage your projects/office operations. The software offers strong accounting features, including a customizable chart of accounts, receiving grants from donors, creating invoice and quotations, journal entries, bank reconciliation, accounts payable, and over 135 reports.
