Dear All,

REF: JUBA CLASSIC CHALK

I would like to introduce to you **Juba Classic chalk**, manufactured and packed by Global classic supplies & services Ltd. We produce both white and colored chalk, packed in a carton of 20 packets, with 100 sticks in a packet. Our chalk is dust less, long lasting, and of high quality, you need to use it and enjoy this quality.

We believe in building our economy as South Sudan and we can achieve this together with you our partners. The production of Juba Classic Chalk enables some youths to get jobs and further skilling, thereby reducing the problem of unemployment of our society and increasing the domestic productivity of our country in general.

We produce and supply this chalk because we believe that development of our people and true liberation of our population from poverty is founded on good education among others.

We request for your support by buying and using this product. Please call our numbers above and make your order now as we begin our new school term.

Buy products of South Sudan and build South Sudan.
