7. Opening of the tender

The tenders will be opened on 24th March 2026 in MI Office in Juba, South Sudan, by the Evaluation Committee. The selection process will be recorded in writing by the Evaluation Committee.

8. Tender Evaluation and Method

Tenders shall be evaluated according to the following procedure:

Firstly, tenders shall be checked on compliance of legal documents and evaluated on the following exclusion criteria:

- 1. Not submitted legal documents as specified at 3. *Content of Tender***
- 2. Not bided according to the specifications**
- 3. Not submitted within the deadline**

Secondly, tenders found to be compliant and fulfilled exclusion criteria will be evaluated by an internal evaluation committee through an evaluation tender analysis using the following selection criteria, which include both technical and financial criteria:

- Financial Proposal (40%)
- Quality standards of food items 20%
- Evidence of previous experience in similar works 20%
- Delivery lead time (20%)

The selection criteria mentioned are to be weighed (100%) and for each of the eligible tender ratings 1-5 of the selection criteria will be applied from the internal evaluation committee according to project needs. The result of the analysis is an overall score, that determines the further selection and award of the tenders.

Furthermore, the evaluation committee reserves the right to make a final decision and award a contract based on a physical visit, thus bidders are encouraged to be available for visits. The physical visit will assess the contractors in the categories below:

- Availability of reasonable stocks related to latrine construction
- Availability of machinery and tools required for latrine construction
- Financial statements with a balance above or equal to the approximate contract value
- General office set-up

The set criteria shall be used to determine the most economically advantageous tender for contract award:

- a. The bidder's initial proposal should contain the tender's best terms from a cost or price and technical standpoint.
- b. If tenders are determined to be equivalent based on the selection criteria, price could then become the deciding criterion for award.
- c. Bidders are forewarned that an acceptable proposal with the lowest price may not be selected if award to a higher-priced proposal affords Malteser International a greater overall benefit,
- d. Malteser International will favorably evaluate a schedule, which shows earlier completion than Malteser International's required time frame. The Bidder's innovative approaches to accomplish early completion are encouraged.
