VACANCY ANNOUNCEMENTS

PROGRAM/DEPARTMENT SUMMARY:

Mercy Corps began programming in Sudan in 1985, and has been operating in states of what is now South Sudan since 2005; operations have continued since the independence of South Sudan in 2011. We have been working to meet people's immediate needs, and with communities, to build local capacity and promote economic development. Mercy Corps South Sudan's priority areas are food security and livelihoods (focusing on cash assistance, market-based solutions in agriculture and economic development), WASH, Education, youth development and conflict resolution. Mercy Corps has been implementing projects, which combine agricultural, economic development, WASH, Education and other humanitarian interventions to tackle the convulsive crises affecting vulnerable communities. In the most vulnerable and crisis affected areas where we work, we focus on designing activities that meet the immediate, life-sustaining needs of the most vulnerable populations, create and support the enabling conditions required to transition from food assistance to longer term food security and sustainable livelihoods, and leverage existing programs to best support humanitarian outcomes. Currently, Mercy Corps operates programming in Rubkona, Panyijar and Koch counties of Unity State and Mundri West and East, Amadi State
