Job title: COVID 19 Response Project Manager
Reporting to: Technical Manager Health, Nutrition and WASH
Location: Tambura
Availability: As soon as possible

Purpose of the position:

World Vision is providing essential health care services in South Sudan, with interventions in all the 7 counties of Western Equatoria State, designed to: enhance delivery of integrated health services, expand community health services for prevention and treatment, and support stable health systems that are responsive and accountable to the needs of communities and individuals accessing these services. To ensure thoughtful implementation considering the unique needs of vulnerable and at-risk groups, World Vision is seeking a COVID 19 Project Manager to be based in Tambura to lead the implementation of the JPF funded COVID 19 response project. The incumbent shall lead a team of professionals to ensure quality COVID 19 response activities in Tambura. He/she will be responsible for overall management of staff, budget, reporting, supervision, coordination, liaison within and without the organization.

Coordination and Partnership

- Develop critical partnership and network with government and other stakeholders.
- Coordinate with SMOH and CHD to ensure a very good asset management practice at county level and Lot level
- Communicate challenges affecting implementation without delay to Zonal Program Manager.
- Enhance internal collaboration with other sectors within World Vision in Tambura

Project Implementation and achievement of indicators

- Ensure rehabilitation of water points including the solar powered water system in Tambura Hospital.
- Ensure construction of incinerators at the supported health facilities.
- Ensure construction of latrines and laundry at the IDP camps.
- Train Health workers and Boma Health Workers on COVID-19
- Ensure installation of hand washing facilities and provision of IPC/WASH materials in all the supported health.
- Set up COVID-19 adhoc screening points at the supported health facilities.
- Conduct quarterly joint support supervision visits and review meetings
- Procure buffer stocks of COVID-19 drugs, supplies and PPEs
- Establish and train water user committees in Tambura.
- Ensure water quality testing is done for all the water points at the supported health facilities in Tambura.
- Conduct hygiene promotion in all the supported health facilities.
- Compliance with all the donors' requirements (reading the contract regularly).
- Timely implementation of county level activities as per the approved work plan.
- Ensure indicators are achieved and project performance by county meets donor expectation
- Coordinate logistics, administration and finance solving program gaps

Financial Management

- Accurate budget forecast for the month and quarter (within 10+/-)
- Timely cash advance and procurement requisition
- Project achieves actual spending in alignment with approved budget, with burn rate within acceptable variance 10+/-

- Aware of burn rates / spending progress of the project all the time through finance/expenditure tracking
- Submit timely and quality reports (technical and finance) by 12th of every month.

Staff Management

- Guide the WASH officer, clinical officers, nurses, Project staff and all relevant staff guided in compilation and evaluation of information that relate to the program's objectives
- Human resource management including performance for partnership management and coaching
- Ensure all project staff have signed performance agreements and are regularly appraised as part of performance management
- Ensure adequate staffing and training of staff using available project resources for quality implementation.

Reporting

- Submit timely and quality reports (technical and finance)
- Timely identification and documentation of lessons learned, best practices and success stories.
- Establish a robust M&E system for the JPF project.
- Ensure constant gap identification through assessments, research

Major Roles and Responsibilities:

Coordination and Partnership

- Develop critical partnership and network with government and other stakeholders.
- Coordinate with the health facility in charges
- Communicate challenges affecting implementation without delay to JPF project manager.
- Enhance internal collaboration with other sectors within World Vision in Tambura

Implementation

- Make sure all the patients are well taken care of (diagnosis, treatment, and appropriate referral of patients)
- Oversees the entire health facilities IPC/WASH activities (handwashing, waste segregation and management, use of PPEs, screening, isolation and treatment)
- Ensure availability of clean water and incinerators in all the supported health facilities.
- Ensure COVID-19 prevention protocols and posters are provided to the supported health facilities.
- Train BHW and health workers on Covid-19

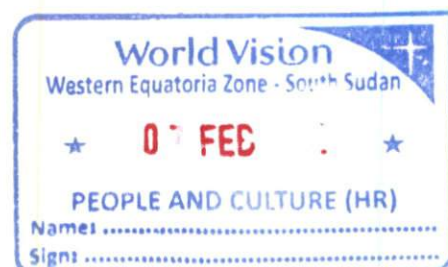

- Support health facilities to provide daily clinical care to patients in the OPD and IPD and ensure high quality clinical care is provided to patients
- Support Health Facilities to manage all components of the ongoing medical practice set-up based on the South Sudan treatment guidelines and protocols;
- Participate in supportive supervision for junior staff and provide on the job training during ward rounds, OPD and as needed
