

TENDER FOR REHABILITATION OF 7 BOREHOLES IN WAU AND WARAP

(REF IRSS-WP/WAU-02/04-23)

BACKGROUND/INTRODUCTION

BACKGROUND/INTRODUCTION

Islamic Relief is an independent humanitarian and development UK-based organization, with an active presence in over 40 countries across the globe, we strive to make the world a better and fairer place for people still living in poverty. Islamic relief began its humanitarian operation in South Sudan in 2004 focusing on providing lifesaving aid and implementing developmental Programmes to support people affected by the flood, drought, and Conflict establishing three sub-offices in Narus (Kapoeta East), Wau, Warrap. A satellite office in Yei and the Main office in Juba.

Our vision:

Inspired by our Islamic faith and guided by our values, we envisage a caring world where communities are empowered, social obligations are fulfilled and people respond as one to the suffering of others.

Our mission:

Exemplifying our Islamic values, we will mobilize resources, build partnerships, and develop local capacity, as we work to:

Enable communities to mitigate the effect of disasters, prepare for their occurrence and respond by providing relief, protection and recovery.

Promote integrated development and environmental custodianship with a focus on sustainable livelihoods.

Support the marginalized and vulnerable to voice their needs and address root causes of poverty.

We allocate these resources regardless of race, political affiliation, gender or belief, and without expecting anything in return.

INTRODUCTION

Islamic Relief South Sudan received funding from SIDA to implement a 3 years' multi-sector project in Wau and Tonj North county focusing mainly on three thematic areas of FSL, WASH, Nutrition & Protection. The project's goal is reduced vulnerability and enhanced humanitarian support to flood and conflict affected communities in South Sudan, through the

creation of sustainable livelihoods and improving access to multi-sectoral basic services within FSL, WASH, Health/Nutrition, and Protection in Wau (WBeG) and Tonj North (Warrap). Therefore through the WASH outcome; improved access to WASH services including water sources for livestock, creating sustainable water sources and improving health conditions among the target community, the project intends to rehabilitate 7 non-functional boreholes (Hand pumps) in Wau-3 and 5 Tonj North county.

1. Scope of Work:

The 7 boreholes will be rehabilitated in Wau (3) and Tonj North (5) counties respectively. The rehabilitation will involve the following components: Overhauling of hand pump and dismantling old parts as well as the affected aprons and drainage channels, fixing of pedestals on concrete (optional), fixing of new parts: head assembly, water tank, connecting rod, G.I. pipes and cylinder, water tank, reconstruction/repair work of aprons and drainage channels, Inspection, decommissioning and handing over.
