TENDER FOR CONSTRUCTION OF 50 ENVIROMENT FRIENDLY LATRINES (16 WAU AND 34 WARRAP)

(REF IRSS-WP/WAU-04/04-23)

BACKGROUND/INTRODUCTION

Islamic Relief is an independent humanitarian and development UK based organization, with an active presence in over 40 Countries across the globe, we strive to make the world a better and fairer place for people still living in poverty. Islamic relief began its humanitarian operation in South Sudan in 2004 focusing on providing lifesaving aid and implementing developmental Programmes to support people affected by flood, drought and Conflict establishing three sub offices in Narus (Kapoeta East), Wau, Warrap. A satellite office in Yei and Main office in Juba.

IRSS through funding from IR SIDA intends to Construct PHCU to seriously affected and vulnerable households in Athiengpol to complement the existing Emergency response in Tonj North. This distribution will support the communities that were mostly affected by the flood and IDPs that were displaced due to the communal conflict

As well as responding to disasters and emergencies, Islamic Relief promotes sustainable economic and social development by working with local communities - regardless of race, religion or gender.

Our vision:

Inspired by our Islamic faith and guided by our values, we envisage a caring world where communities are empowered, social obligations are fulfilled and people respond as one to the suffering of others.

Our mission:

Exemplifying our Islamic values, we will mobilize resources, build partnerships, and develop local capacity, as we work to:

Enable communities to mitigate the effect of disasters, prepare for their occurrence and respond by providing relief, protection and recovery.

Promote integrated development and environmental custodianship with a focus on sustainable livelihoods.

Support the marginalized and vulnerable to voice their needs and address root causes of poverty.

We allocate these resources regardless of race, political affiliation, gender or belief, and without expecting anything in return.

INTRODUCTION

IRW-SS in the project ‘‘Supporting Communities in Humanitarian Emergency- South Sudan’’ (SCHEME) through funding from SIDA aimed at improving access to clean water and environment through proper excreta disposal in conflict affected and flood affected communities in Wau and Warrap by constructing 50 environment friendly safe and clean latrines in some selected households. This will prevent the rampant open defecation which is a common practice in the community. the construction will target Bazia Payam of Wau county in Western Bahr el ghazel state and the 5 Payams of Tonj north county in Warrap state as IRSS operational areas. The project aims to improve access to WASH services for 16100 people.
