Job Title: Project Manager (1 position)
Reporting to: Zonal Program Manager
Location: Aweil East
Availability: Contingent upon grant award

Purpose of the position:

The core responsibilities of this position are to take the lead in overall project management which includes facilitating project implementation, monitoring and reporting of UNDP CCA Project which is operational in Greater Aweil. It is a five-year project from 2023 to 2028. Within the 5-year project period, the position expected to contribute to the project's goal which aligns with the UNDP investment plan for Sub-Saharan Africa in the area of climate resilience using watershed approach in agro-pastoral communities in Norther Bahr el Ghazal. The cumulative effect of this effort will achieve more equitable access to the benefits of economic growth and to save lives through appropriate and effective community-based development action. With its focus on promoting inclusive improved agricultural production for both subsistence and marketing purposes, the project contributes to outcome 2 of UNDAF/CPD, RPD and GPD which is "local economies are recovered and conditions and coping strategies are improved to end severe food insecurity" and UNDP's Strategic Plan outcome 1 which states as "advance poverty eradication in all its forms and dimensions".

Major Roles and Responsibilities:

Project Management:

- Give technical leadership in project cycle management to ensure the project implemented and reported as per design.
- Monitor project quality at outcome and impact levels, facilitate evidence-based organizational learning processes and promote innovation for continuous improvement in programming impact.
- Support relevant reporting functions, particularly at outcome and impact level, notably including the bi-annual Human Resource report.

- Support in project financial and procurement plan in adherence to the project.

Natural Resource Management

- Technically support communities to develop Boma level watershed plan
- Support Boma level watershed committees (BWC) to implement their watershed plan.
- Facilitate avenue for BWC to get funding to implement their prioritized plan.
- Support the community living around the watershed area with different livelihood options.

Local Value Chain Development and Market Linkage;

- Facilitate LVC development for major crops promoted by the project.
- Facilitate and conduct all planned LVC and market related activity.
- Facilitate and ensure proper market linkage.

Agricultural production and productivity

- Facilitate farmers access to improved agriculture inputs improved
- Facilitate increased smallholder farmers crop variety choices increased
- Technical guidance on improved knowledge of smallholder farmers

Capacity Building;

- Undertake capacity assessment of partner and project staffs and conduct capacity building as per the need.
- .Technical guidance and support to programme and project implementation.
- .Technical capacity building of project staff, partner staff and other key stakeholders, as required.

Food utilization and nutrition

- Technical guidance and support to community knowledge on Health, Nutrition and Hygiene
- Technical Community WASH Education and capacity building

Networking and Collaboration;

- Engagement with key stakeholders for influence, learning and resource development:
- Actively represent WV SS in key inter-agency forum.
- Engage and build relationships with key partners and government counterparts.
- Contribute to the development and implementation of the Grant Acquisition Business Plan through active engagement with relevant donors.

Qualifications: Education/Knowledge/Technical Skills and Experience:

The following maybe acquired through a combination of formal or self-education, prior experience or on-the-job training:

- **Minimum Qualification required:** Bachelor's Degree in Agriculture, Natural Resource Management, Food security, Rural Development or related field like agri-business or business administration but with direct experience in agriculture and food security.
- **Experience:** Minimum of 2 years with similar experience as project manager/project coordinator in food security and livelihoods or 4 years with experience as project officer. Experience of working in Northern Bahr el Ghazal (NBeG) is an added advantage.
- **Technical Skills & Abilities:** Knowledge and experience in watershed mapping, landscape approach, Local Value Chain Development and Market Linkage, Farmer Demonstration is desirable.

HOW TO APPLY:

Interested candidates (**South Sudanese Nationals**) who meet the above criteria should submit their application, cover letter and an updated CV with at least three referees with their telephone and email contacts.
