Job title: Clinical Officer
Reports to: Health & Nutrition Manager
Location: Upper Nile (Melut/Renk)
Availability: Upon grant approval

Purpose of the position:

The overall purpose of this position is to see patients and to administer requisite treatment to them; provide overall day-to-day leadership and management of the health facility, and to provide support to the target communities in addressing specific health activities meant to improve access to quality and equitable health services to the health facility's catchment area populations including supporting training/capacity building of HPCC and PHCUs based staff and Community Resources persons, supervising and providing ongoing mento ship and support to the preventive services delivery persons.

Major roles and responsibilities:

Diagnosis & treatment

- See patients, administer requisite treatments and maintain upto date records of all transactions using provided registers and forms.
- Provide leadership in the implementation of Primary Health Care services in the Project area as guided by the project objectives, logical framework and work plan; and guided by the South Sudan Health Policy, WVI and other international standards.
- Participate in any Health program management meetings and functions in the County, representing World Vision in many technical forums at County and State levels.
- In liaison with County Medical Officer, RRC and other County authorities, organize community meetings and campaign forums that promote participation of communities and involvement in effort to improve maternal and child health; access to Health general services, and control of HIV & AIDS.
- Liaise with World Vision and County Medical Office in recruitment and mentoring of approved PHCC or PHCU staff.
- In collaboration with World Vision and other County Team Leaders, supervise and monitor the maintenance of health facilities.
- In collaboration with State and County Health authorities, take stock and develop the distribution plans for health awareness and learning materials to targeted communities.

- Schedule and facilitate trainings of health staff, TBA's and Health committees for the targeted communities
- Oversee the creation and management of Health groups for life skills training and community awareness;
- Train Community Health and other Committee members in community mobilization, organization and health delivery services.
- Support advertising, recruitment, and compensation packages to fill the human resource gaps at Primary Health Care Centers (PHCCs) and Primary Health Care Units (PHCUs) in order to ensure that the PHCs can provide round-the-clock services to clients.
- Strengthen the appropriate use of HIMS and consolidate the DHIMS while ensuring the availability of the HIMS in the health facilities in accordance with Basic Health Package of South Sudan.
- Support in surveillance of epidemic-prone diseases and reporting accordingly.
- Order supplies and maintain updated supply/order forms (Bin Cards) and Inventories for the Health Facility.
- Train and supervise home health promoters and outreach workers.
- Maintain health data registers up-to-date.
- Produce timely weekly and monthly epidemiological reports using prescribed forms.
- Do book-keeping for expenses at the facility.
- Supervise ALL facility staff.
- Carry out additional responsibilities and projects as assigned, including administrative and planning functions.

Strategic leadership & representation

- Manage proactive and responsive relationship with county authorities in close collaboration with the Project Manager.
- Directly supervise nurses, midwives on project implementation, ensuring that all strategic objectives are met through proper design.
- Conduct regular monthly health facility meeting including AAP at community as per project design and minutes share to management and CHD
- Attend county level coordination meeting (weekly, EPI hub meetings) as per county health coordinator delegation

Reporting

- Write weekly reports every Thursday by 5:00pm
- Report all incidences affecting service delivery within 24hours
- Provide monthly reports by 5th of every month
- Provide quarterly reports including success stories by 10th of every quarter
- Monitor the project assets and ensure they are well tagged
