

**VACANCY ANNOUNCEMENT - INTERNSHIP**

Diakonie Katastrophenhilfe (DKH) is a German non-government organization (NGO) that renders humanitarian aid in 31 countries across the world. DKH supports people who are affected by natural disasters, war, and displacement and who are not able to cope on their own in the emergency they find themselves in. DKH focuses on locally-led responses by working through a global network of partner organizations. Fostering localized humanitarian action and an equal partnership approach lies at the very core of our work.

As Diakonie Katastrophenhilfe is not directly implementing humanitarian projects, we are committed to equitable and long-term partnerships, which strengthen local partner organizations' administrative and technical capacities. Diakonie Katastrophenhilfe constantly seeks to facilitate mutual learning and capacity exchange, identify innovative and tailored models of cooperation, and shift power to partners and communities through the transfer of decision-making opportunities. The organization is part of the Protestant Agency for Diakonie and Development (Evangelisches Werk für Diakonie und Entwicklung e.V. – EWDE/PADD), an umbrella organization under the Evangelical Church in Germany (EKD).

Diakonie Katastrophenhilfe – Juba office is inviting applications from graduates for an internship program in various fields/departments to mention:
