Senior Project Officer

Responsible for:

WORKING RELATIONS

Internal:

- Projects Officers

- Cross-cutting departments staff

External:

- Donors

- National Authorities

 National and International Partners (including working groups and coordination bodies)

- National and provincial Media

Partners etc

Background

HI has been operating in South Sudan since 2006, implementing humanitarian and development actions aimed at promoting the rights, safety and quality of life of vulnerable populations, particularly persons with disabilities, mental health problems and functional limitations across the country. HI's current portfolio adopts an integrated and multi-sectoral approach which includes interventions centred on MHPSS, Protection, Functional Rehabilitation and livelihoods with disability inclusion a cross-cutting theme across all

programmes. In 2021, HI will continue to implement interventions in these areas, whilst transitioning to postemergency and recovery programming.

Missions / Responsibilities

Mission	1: Oper	ational	imp	lementation
VIISSIOII	I. ODGI	auvnai	IIII	cincin tation

Responsibility 1: Contribute to project planning and technical implementation in line with the ex	isting
MHPSS frameworks	

- ☐ Contribute to planning and preparing activities, MHPSS tools and the associated resources, and implement the action plan in conjunction with the support services and the technical unit.
- Ensure that activities are implemented and that resources are correctly allocated as authorized by the project manager.
- ☐ Ensure regular reporting of activities, and contribute to the internal and external reporting as requested by the project manager.
- ☐ Contribute to identifying areas of the project in which adjustments are required and put forward adaptations to the project manager.
- Contribute to the drafting of amendment requests when asked by the project manager.
- ☐ Contribute to coordination with the local stakeholders and to monitoring the partnership relationship with the project partners.
- Ensure that project documents and information are properly archived.
 Provide technical support supervision, coaching and mentorship for PSS workers and counsellors at field level

Responsibility 2: Carry out MHPSS capacity building initiatives and needs analysis for HI staff and partners

- Contribute to needs assessments to develop staff capacity building initiatives/ plan in collaboration with Technical specialist.
- Plan and Implement capacity building trainings in coordination with the Technical Specialist and project manager
- Conduct in-services, workshops and staff development programs in all project locations.
- Regularly support the Technical Specialist in evaluating the MHPSS technical components of activities implemented through partners
- Participate in drawing up strategies and/or the annual imprementation blans of the project.

Responsibility 3: Contribute to project monitoring, evaluation, accountability and learning

Contribute to project monitoring, specifically activity progress indicators and the expected outcomes. Contribute to project evaluations, project reviews at the request of the project manager, and ensure that project evaluation recommendations are followed. Contribute to project learning and documentation of good practices **Responsibility 3: Ensure project data management** Ensure that the appropriate data collection and management tools are in place and are used correctly on the project, in line with global standards. Collect and compile project-related data in the relevant database. Conduct field-based data review meetings in collaboration with the MEAL and technical specialist **Responsibility 4: Contribute to the coordination of project teams** As authorized by the project manager, facilitate coordination meetings between the project teams and the support services located in the area when necessary. Ensure that the project teams and the support teams (shared and technical services, in particular) work well together in order to facilitate the implementation of the project in the country. Ensure field-based peer support meetings and team building initiatives for field staff **Responsibility 5: Contribute to external project communication** Contribute to HI's external influence by taking part in networks, when required. Communicate about the project to partners, authorities and stakeholders when relevant. **Mission 2: Emergency Preparedness and Response** Contribute to the program's emergency preparedness initiatives, and in an emergency situation, adapt his/her working arrangements in order to contribute to an effective humanitarian response from HI.		
manager, and ensure that project evaluation recommendations are followed.
