

Background of African Parks

African Parks is a non-profit conservation organisation that takes on the complete responsibility for the rehabilitation and long-term management of national parks in partnership with governments and local communities. We currently manage 22 national parks and protected areas in 12 countries covering over 20 million hectares in: Angola, Benin, Central African Republic, Chad, the Democratic Republic of Congo, Malawi, Mozambique, the Republic of Congo, Rwanda, South Sudan, Zambia and Zimbabwe. Currently African Parks will manage Badingilo and Boma National Parks in South Sudan.

Description of Services/Goods

African Park South Sudan will procure goods and services on a regular basis throughout the year, as programme demands dictate. We are now calling for qualified, competent Electrical service Providers for **SUPPLY OF ASSORTED** to support a range of upcoming AP's project needs in Badingilo and Boma National Parks respectively in South Sudan. African Parks South Sudan conducts regularly purchase of Electrical to support its program implementations in the Parks. In most of the procurement processes African Parks South Sudan ensures that competitive prices and value for money is obtained by way of "Competitive Negotiated Procedure". Therefore, African Parks South Sudan is calling for Competent reliable registered Electrical service providers which will provide African Parks South Sudan with the service and with whom African Parks South Sudan would contract for the next 12 months to support its project implementation in South Sudan
