Watering the Seeds of Change

Note:

1. **B means distribution board of various sizes, every distribution board (B) must have a means of isolation (main breaker) controlling individual breakers.**
2. **The underground cables supplying the security lights and various blocks must be laid at a depth of 50cm.**
3. **The earthing pit must be at least 1.5 m deep, charcoal should be used for effectiveness and the earthing continuity conductor should be run throughout the installation in all the blocks at the compound.**
4. **Security lights should be connected to photocells for automation in their operation.**
5. **Old wiring system should be scraped and replaced with new one.**

Interested companies/contractors should submit their proposal/quotations to Procurement Committee email address procurement.committee@waterforsouthsudan.org

And copy isaac.imerio@waterforsouthsudan.org and hand submission, drop it to Water for South Sudan Foundation Office either in Wau or Juba in a SEALED envelope. Applicants online or hand dropping, please indicate the subject Title on your quotation and envelop as well.

Application starting date: **3rd February 2026**

Closing date for applications is **17th February 2026 at 3:00pm.**

Delivery Location: Wau, WFSSF Office, Eastern Bank.
