11. Tenders' evaluation and method

Tenders shall be evaluated according to the following procedure:

Firstly, tenders shall be checked on compliance of legal documents and evaluated on following exclusion criteria:

- 1. Not submitted legal documents as specified at 3. Tender**
- 2. Not bided according to the specifications**

Secondly, tenders found to be compliant and fulfilled exclusion criteria will be evaluated by an internal evaluation committee through a comparative bid analysis using the following selection criteria, which include both technical and financial criteria:

- **Price/Rate**
- **Financial Capacity**
- **Quality standards of vehicles and technical capacity to deliver**
- **The compliance with technical specifications**
- **Experience in vehicle & truck rental with other I(NGOs)**

The mentioned selection criteria are to be weighted (%) and for each of the eligible tender rating from 1-5 of the selection criteria will be applied from internal evaluation committee according to project needs. The result of the analysis is an overall score, that determines the further selection and award of the tenders.

Furthermore, the evaluation committee reserves the right to make a final decision and award a contract based on a physical visit. Thus, service providers are encouraged to provide vehicle samples.

The set criteria shall be used to determine the most economically advantageous tender for contract award:

- a. The Bidder's initial proposal should contain the tender's best terms from a cost or price and technical standpoint,
- b. If tenders are determined to be equivalent based on the selection criteria, price could then become the deciding criterion for award,
- c. Bidders are forewarned that an acceptable proposal with the lowest price may not be selected if award to a higher-priced proposal affords MI a greater overall benefit,
- d. The MI will favourably evaluate a schedule, which shows earlier completion than the MI's required time frame. The Bidder's innovative approaches to accomplish early completion are encouraged.
