ABOUT US

Who We Are

In line with the [United Nation's 2015, Sustainable Development Goals](#), Humanitarian Global is an organization that aims to help the world and especially humanitarian and development practitioners and organizations come closer to attaining the SDGs.

As an organization, we are proud to be at the [forefront in offering excellent training to humanitarian professionals across the globe](#) as well as supporting humanitarian and development work.

Our field-based training models focus on equipping humanitarian professionals with hands-on skills. We have been able to offer [humanitarians a productive and resourceful online learning platform](#) that connects practitioners from various countries.

Our training models allow close monitoring of the participant's progress through formal and written evaluation as well as unlimited [one-on-one interactions with facilitators](#). Furthermore, we share valuable resources including a [community of other humanitarians for networking](#) as well as organize training workshops, webinars, and virtual summits that help [link humanitarian professionals across the globe](#).

HISTORY AND BACKGROUND

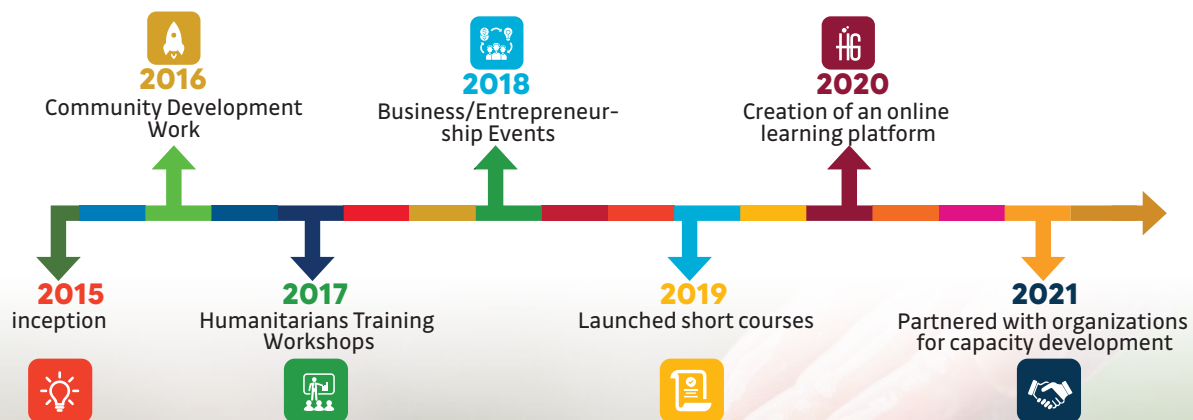

Humanitarian Global which was started in 2015 has come about as a result of continuous improvement and the contribution of outside-the-box thinkers as well as the active input of other Humanitarian and Development practitioners.

Since our inception, HG has been able to actively participate at the community level in humanitarian and developmental interventions with an aim to understand community needs and identify knowledge and skill gaps that exist in humanitarian and development settings.

In 2017 and 2018, HG focused on training workshops to understand the need of other practitioners and organisations who are actively involved in the development and humanitarian activities so as to understand what is needed of staff.

In 2019 and 2020, we launched short courses aimed at building particular skills and the need from other practitioners grew, to their request we did more research and partnered with experts to bring our participants quality training and resources that they can use to grow professionally. All these research-informed activities have actively contributed to the development of our online courses and online learning platform. Our organisational solutions have been developed to offer organisations the opportunity to actively build their staff capacity and achieve their set goals and missions.

In 2021 to date, we have actively partnered with organizations to provide capacity development for their staff. We are proud to have trained over 10,000 humanitarian and development practitioners and counting.

OUR VISION, MISSION AND GOAL

Vision:

Our vision is to establish collaborative relationships with organizations and humanitarian professionals across the globe and empower them to deliver exemplary services that will make the world a better place.

Mission:

Our mission is to provide all humanitarians across the globe with resources and opportunities that will help them acquire practical skills needed to better their professional practice in the modern world.

Goal:

Our main goal is to provide a platform that supports learning and interaction to all humanitarian professionals across the world and empower them through quality training to create a global network of humanitarians.

Core Values:

Equality, Justice, Integrity, Transparency, Humanity, Universality

IMPACT OVERVIEW

**OVER
500,000+
PRACTITIONERS**

PARTICIPANTS**

WHAT WE DO

1. Learning and Services

Humanitarian Global is a training organization that focuses on the **empowerment and skills improvement of humanitarian and development workers across the globe**. We are committed to supporting both individual and organizational capacity building through our online training programs.

Online Learning:

Self-paced, quality **online courses** customized to humanitarians and development practitioners.

Organizational Solutions:

We employ a collaborative approach to build capacity for staff to enhance skill development, provide consultancy services to offer bespoke solutions to help achieve their development projects, and conduct personalized research on behalf of organizations to improve practice and performance.

Includes:

- In House Training,
- Consultancy,
- Research and Team Building.

Onsite learning:

We organise onsite **training workshops**, seminars and team building for humanitarian and development **practitioners**.

Personal Development:

Learn the fundamental frameworks and strategies for self-improvement, personal growth and goal setting. Includes:

1. Personal Development Courses
2. Coaching and Mentoring
3. Professional Resume Writing/Review
4. Personal Tutoring
5. Career Consultation/Counselling

2. Community Development

Humanitarian Global undertakes various **community development projects** to enhance community empowerment. We develop and share resources that benefit humanitarian and development practitioners across the globe. This includes

- Advocacy,
- Humanitarian Stories,
- Webinars,

MAKING SDGS A REALITY THROUGH QUALITY TRAINING

No Poverty
 Zero Hunger
 Good health and well-being
 Quality Education
 Gender Equality
 Clean water and sanitation
 Affordable and clean energy
 Decent work and economic growth
 Industry, innovation and infrastructure
 Reduced Inequalities
 Sustainable cities and communities
 Responsible consumption and production
 Climate Action
 Life below water
 Life on land
 Peace, justice and strong institutions
 Partnerships for the goals

-  **No poverty**
-  **Zero Hunger**
-  **Good health and well-being**
-  **Quality Education**
-  **Gender Equality**
-  **Clean water and sanitation**
-  **Reduced Inequalities**
-  **Partnerships for the goals**

OUR COURSES

- 1 Monitoring, Evaluation, Accountability and Learning (MEAL)
- 2 Water, Sanitation and Hygiene (WASH)
- 3 Disaster and Risk Reduction Management (DRRM)
- 4 Food Security & Nutrition in Emergencies (FSNE)
- 5 Procurement and Supply Chain Management
- 6 Human Nutrition and Dietetics
- 7 Maternal and Infant Young Child Nutrition

OUR COURSE STRUCTURE

Level	Duration	Course Fee
Certificate Level (Beginner)	3 months	\$ 500
Diploma Level (Intermediate)	6 months	\$ 1000
Postgraduate Level (Advanced)	12 months	\$ 1500

TARGET GROUP

Our programmes target the following professionals:

Humanitarians, Project Managers, Development workers, Middle-level Managers, Project Coordinators, Personal Assistants, Accountants, Business Executives, Human Resource Managers, Education Officers, Public health, nutrition, and heads responsible for hygiene, environmentalists, donor agencies, NGOs, Team Leaders of both state and private corporations, governmental organizations, managers and leaders in community-based organizations as well as anyone who is seeking to enhance their professional skills in the humanitarian and development practice areas.

MODE OF LEARNING / COURSE DELIVERY

All our training courses are developed by **experienced facilitators** who have extensive field experience as well as proven ability to coach, mentor and support personnel in working environments. This helps in developing bespoke courses that combine both **classroom-based and field concepts** in order to ensure that all participants develop **skills** that are deployable in **real working environments**.

This is achieved through the provision of an **e-learning platform** that has rich content and resources that ensure all educational needs of the participant are met. Additionally, through this platform, participants are able to interact with our skilled facilitators as well as other fellow participants hence leading to the creation of an **interactive e-learning ecosystem**.

WHY CHOOSE HUMANITARIAN GLOBAL?

Result oriented.

1600+ practitioners graduated since 2015 and counting.

Top Experts

We have top facilitators in the humanitarian sector to deliver the best training to humanitarians.

Top Humanitarian Courses

We have top-notch courses to offer that will help you build your capacity and enhance your career.

Interactive lessons

With one of the best e-learning platforms, students are able to undertake lessons at their own pace and comfort. Additionally, one gets to interact with the course facilitators and other participants leading to the creation of an interactive e-learning ecosystem.

We connect you to resources and opportunities

Catering to a global market means, we definitely have made massive connections worldwide to help you out once you finish your course.

WHAT CLIENTS ARE SAYING ABOUT US

Having gotten the chance to study a Diploma in WASH course with Humanitarian Global Institute, I must say that it was a privilege. The level of commitment, the way they have summarized the modules makes learning easier and quick

DANIEL
South Sudan.

Thank you so much for your relentless guidance and advice throughout this process and to ensure I have understood the course matter and develop my career.

Once again, thank you for the gift of T-shirt.

GATBEL CHOT
South Sudan.
Diploma in MEAL

I am personally happy to hear from you this important information on the completion of my studies

DANIEL MAGOK
Project Manager,
TOCH, South Sudan.

Thank you so much for the congratulatory message and for helping me pursue the program. I am very much grateful to the entire Humanitarian Global Team for the wonderful support during my entire program. I will always remain thankful to the Team and I can rest assure you that I will enroll for another program with you soon

SYLVESTER DAKAR
Catholic Relief Services (CRS),
Zambia

I do appreciate everything that Humanitarian Global has done for me, and I will surely continue studying with you very soon

WILLIAMS GUTA
Gaborone, Botswana

PARTNERSHIPS AND COLLABORATIONS

DIHAD (Dubai International Humanitarian Aid and Development Conference and Exhibition):

We partnered with DIHAD for their 18th Annual Dubai International Humanitarian and Development Conference and Exhibition which took place on the 14th-16th March 2022.

The theme of this partnership was “to strengthen the means of implementation and revitalize the global partnership for sustainable development.”

We look forward to these types of collaborations in the near future.

LIVING WATER:

We recently collaborated with Living Water to undertake their staff a 5-day Water Sanitation and Hygiene Training with a focus on Menstrual Hygiene Management and Social and Behaviour Change Communication.

We look forward to working with Living Water in the near future in capacity building.

DIHAD[®]

DUBAI INTERNATIONAL HUMANITARIAN AID & DEVELOPMENT CONFERENCE EXHIBITION

REGISTRATION AND ACCREDITATION

Humanitarian Global operates under the rules and regulations of Kenya where its headquarters reside. All of our training programmes take a **field-based** approach where we focus on imparting **hands-on skills** to all of our participants. Our programmes have been vetted by the National Industrial Training Authority (NITA) while following HPass quality standards to meet the requirements for the issuance of **digital badges**.

THE NATIONAL INDUSTRIAL TRAINING AUTHORITY (NITA)

The National Industrial Training Authority (NITA) is a state corporation in Kenya established under the Industrial Training (Amendment) Act of 2011. Its mandate is to promote the highest standards in the **quality and efficiency of Industrial Training in Kenya** and ensure an adequate supply of properly trained manpower at all levels in the industry. Humanitarian Global (HG) has been vetted and accredited by NITA ensuring that all training programmes have attained **the required standards**. This results in quality learning, credible assessment and certification that takes into consideration skills, knowledge, values and attitudes.

HPASS

HPass is a new initiative focusing on **professional development in the humanitarian sector**. It is an online platform for humanitarian staff and volunteers, learning and assessment providers and employers. By adhering to their Quality Standards, we are able to deliver **high-quality learning** and benchmark our services against sector-approved quality standards. This leads to the issuance of digital badges that enable **recognition of skills, courses, achievements, competencies** and frontline experience through professionally verified digital badges.

MONITORING, EVALUATION, ACCOUNTABILITY AND LEARNING (MEAL)

Do you wonder how you can **run an effective accountable team**? Have you ever wondered how you can **make processes more efficient** using the current lessons you are learning? Do you want to increase the level of ownership of the projects you implement at the community level? Do you feel bad when resources go unaccounted for?

Monitoring, evaluation, accountability, and learning (MEAL) are part of everyday programme management and are critical to the success of most programs, projects, initiatives, interventions and even organisations as a whole.

MEAL staffs are the police and quality analysts of day-to-day project activities and the use of resources within projects and organisational contexts. **They play a critical role in holding all stakeholders and other components accountable** as well as informing decision-making and backing everything up with data and evidence.

Improve your skills in project & MEAL planning, data collection, data analysis, data presentation, evaluation, learning and so much more by registering for our courses today.

Certificate in Monitoring Evaluation Accountability and Learning (MEAL)

MODULE 1: Introduction to MEAL

- 1.1 History of M&E
- 1.2 What is MEAL
- 1.3 MEAL Phases
- 1.4 Significance of MEAL

Module 1 Assignment

MODULE 2: MEAL Learning Part 1

- 2.1 Learning
- 2.2 Participatory MEAL
- 2.3 Objectives
- 2.4 Indicators

Module 2 Assignment

MODULE 3: MEAL Planning Part 2

- 3.1 Performance Management Plan
- 3.2 Indicator Performance Tracking Table
- 3.3 Data Flow Map
- 3.4 Summary Evaluation Table (SET)

Module 3 Assignment

FINAL ASSESSMENT - CASE STUDY

Diploma in Monitoring Evaluation Accountability and Learning

MODULE 1: Design Logic Models

- 1.1 Theory of Change
- 1.2 Result Framework
- 1.3 Logical Framework (LogFrame)
- 1.4 M&E Framework

Module 1 Assignment Questions

MODULE 2: MEAL Data Collection

- 2.1 Data Source & Data Quality
- 2.2 Quantitative Data Collection
- 2.3 Qualitative Data Collection
- 2.4 Mixed Approach & Data Management

Module 2 Assignment Questions

MODULE 3: MEAL Data Analysis

- 3.1 Quantitative Analysis
- 3.2 Qualitative Analysis
- 3.3 Data Visualization
- 3.4 Data Interpretation

Module 3 Assignment Questions

MODULE 4: Using MEAL Data Information

- 4.1 MEAL Communication Plan
- 4.2 MEAL Learning Plan
- 4.3 Adaptive Management
- 4.4 Reporting

Postgraduate Diploma in Monitoring Evaluation Accountability and Learning

1.0 MODULE 1 - Evaluation Designs

- 1.1 Experimental Design
- 1.2 Quasi-experimental Design
- 1.3 Non-Experimental Designs
- 1.4 Comparison Matrix

2.0 MODULE 2 - Evaluation Approaches

- 2.1 Feminist Evaluation
- 2.2 Transformative Evaluation
- 2.3 Real World Evaluation & Realist Evaluation
- 2.4 Equity-Focused Evaluation & Developmental Approach to Evaluation

3.0 MODULE 3 - Preparing for an Evaluation

- 3.1. Initial Steps
- 3.2 Constructing a Theory of Change
- 3.3 Developing a Results Chain
- 3.4 Specifying Evaluation Questions

4.0 MODULE 4 - Impact Evaluation

- 4.1 Evidence-Based Policy Making
- 4.2 What Is Impact Evaluation?
- 4.3 Prospective vs. Retrospective Impact Evaluation and Efficacy Studies and Effectiveness Studies
- 4.4 Deciding Whether to Carry Out an Impact Evaluation

5.0 MODULE 5 - Causal Inference and Counterfactuals

- 5.1 Causal Inference
- 5.2 The Counterfactual
- 5.3 Estimating the Counterfactual
- 5.4 Two Counterfeit Estimates of the Counterfactual

6.0 MODULE 6 - Instrumental Variable

- 6.1 Evaluating Programs When Not Everyone Complies with Their Assignment
- 6.2 Types of Impact Estimates
- 6.3 Imperfect Compliance
- 6.4 Randomized Promotion as an Instrumental Variable

7.0 MODULE 7 - Difference-in-Differences

- 7.1 Evaluating a Program When the Rule of Assignment Is Less Clear
- 7.2 The Difference-in-Differences Method
- 7.3 How Is the Difference-in-Differences Method Helpful?
- 7.4 Limitations of the Difference-in-Differences Method

8.0 MODULE 8 - Matching

- 8.1 Constructing an Artificial Comparison Group
- 8.2 Propensity Score Matching
- 8.3 Combining Matching with Other Methods
- 8.4 Limitations of the Matching Method

STATISTICAL PACKAGE FOR THE SOCIAL SCIENCES (SPSS)

DURATION: 1 MONTH

COST: \$250

Statistical Package for the Social Sciences (SPSS)

MODULE 1: Introduction to SPSS statistical software

- 1.1 Introduction to statistical analysis
- 1.2 Introduction and installation of SPSS
- 1.3 Features and key terminologies in SPSS
- 1.4 Data entry, coding, importation and saving

MODULE 3 - Statistical Tests using SPSS

- 3.1 One sample, Independent sample, paired sample T-Tests
- 3.2 One-Way and two-way ANOVA
- 3.3 Chi-Square test, Pearson's correlation, Spearman's rank order correlation.
- 3.4 Bivariate Plots and Correlations for Scale Variables

MODULE 2 - Basic Statistics in SPSS

- 2.1 Descriptive statistics for numeric variables
- 2.2 Frequency, stub and banner tables
- 2.3 Distribution and relationship of variables as well as cross-tabulations of categorical variables
- 2.4 Introduction to graphs and their commands in SPSS

MODULE 2 - Predictive Models using SPSS

- 4.1 Linear/Multiple/Logistic/Ordinal Regression
- 4.2 Nonparametric tests (One Sample/ Independent Samples/ Related Samples)
- 4.3 Time Series and forecasting using SPSS (Basics, smoothing and regression time series data, ARIMA models, intervention analysis)
- 4.4 Interpretation of result

WATER SANITATION AND HYGIENE (WASH)

Contaminated water and poor sanitation are linked to the transmission of diseases such as cholera, diarrhoea, dysentery and so many other Water borne diseases. **Absent, inadequate, or inappropriately managed water and sanitation services expose individuals to preventable health risks.**

Access to clean water and sanitation means being able to avoid exposure to these and countless other diseases as well as improve the quality of life among populations. **According to the UN, every year, millions of people die from diseases caused by inadequate water supply, sanitation, and hygiene. Other than pneumonia, diarrhoea is the main cause of death in children under age 5.** Access to clean and safe drinking water, sanitation and hygiene are crucial to human health and well-being.

WaSH is not only a prerequisite to health but contributes to the improvement of livelihoods, school attendance and dignity and helps to create resilient communities living in healthy environments. **It is scary to imagine people losing their lives to circumstances that can be avoided.**

Do you ever ask yourself how you can implement impactful WaSH projects?

Explore our courses today and learn more about how you can help the world and communities come close to attaining SDG 6 and enabling Clean Water and Sanitation for all.

Certificate in Water, Sanitation and Hygiene (WASH)

1.0 MODULE 1: Introduction to WASH

- 1.1 Introduction To Water, Sanitation And Hygiene
- 1.2 Global Availability Of Fresh Water
- 1.3 Right To Water & Sanitation – Un Global Development Goals
- 1.4 Post 2015 Wash Development Agenda

Module 1 Assignment Questions

2.0 MODULE 2 – Sanitation and Hygiene

- 2.1 Sanitation In Schools
- 2.2 Sustainable Sanitation
- 2.3 Hygiene Improvement
- 2.4 Disease Transmission Routes & The F-Diagram

Module 2 Assignment Questions

3.0 MODULE 3 – Cross-Cutting issues in WASH

- 3.1 Participation
- 3.2 Gender
- 3.3 Environment
- 3.4 Inclusion of Most Vulnerable (People With HIV/Aids, Elderly & Disabled And Children)

PROCUREMENT AND SUPPLY CHAIN MANAGEMENT

Do you ever wonder how goods, materials and services move from one place to the other during emergencies? Or in the process of developing communities? Does it make you feel good about the fact that you can be an **enabling factor in making the process more efficient?**

Do you consider logistics as a process to mobilise people, resources, skills and knowledge with the aim to help those affected by a disaster? In the Humanitarian and Development field, **the effective management of aid materials for the beneficiaries in the wake of a disaster helps to reduce their suffering** and to rehabilitate the affected people in a dignified way.

Are you curious about **the process of getting the needed goods and materials** that your organisation or community needs and transforming those goods into products and distributing them to end users as efficiently as possible? In humanitarian aid and relief operations, the primary emphasis in procurement and supply is on speed and access since time is of the essence.

Our courses at HGI help you get prepared to save lives in a timely manner, and this means **being able to deliver goods and materials to affected areas as quickly as possible**. Explore our courses today and build your skills in procurement and supply chain today.

Certificate in Procurement and Supply Chain Management

MODULE 1: Introduction to purchasing and supply chain management

- 1.1 The Environment of Purchasing & Supply Management
- 1.2 Why purchasing is important
- 1.3 Terms and Concepts of Purchasing & Supply Chain Management
- 1.4 Four Enablers of Purchasing & Supply

Postgraduate Diploma in Procurement and Supply Chain Management

MODULE 1 – Strategic Procurement Management and Sourcing

- 1.1 Introduction To Strategic Procurement Management and Sourcing
- 1.2 The Concept of Strategy
- 1.3 Strategic Development
- 1.4 Strategies & their Scope

Module 1 Assignment Questions

MODULE 2 – Principles Of Logistics Management

- 2.1 Introduction to Logistics
- 2.2 Decisions Related to Logistics
- 2.3 Locating Logistics Facilities
- 2.4 Supply Chain Management Is a Wider Concept than Logistics

Module 2 Assignment Questions

MODULE 3 – Purchasing and Supply Law

- 3.1 Legal Authority of Buyer & Seller
- 3.2 Uniform Commercial Code
- 3.3 The Purchase Order Contract
- 3.4 Law Governing Acceptance and Rejection of Goods

Module 3 Assignment Questions

MODULE 4 – Freight Clearing and Forwarding

- 4.1 Early Days of Freight Clearing and Forwarding
- 4.2 The Role of Freight Forwarders
- 4.3 Transport Modes In Freight Clearing and Forwarding
- 4.4 Customs In Freight Clearing and Forwarding

Module 4 Assignment Questions

MODULE 5 – Category Management

- 5.1 Introduction to Category Management
- 5.2 Category Management Issues
- 5.3 Category Management Risk Profiling
- 5.4 Category Management at The Corporate Level

Module 5 Assignment Questions

MODULE 6 – Contract Management

- 6.1 The Procurement Specialist and Contract Law
- 6.2 Contracts for the Sale of Goods and Supply of Services
- 6.3 Drafting the Detail of Contract Clauses
- 6.4 The Right to Terminate a Contract

Module 6 Assignment Questions

Module 7 – Managing Supply Chain Risks

- 7.1 Introduction to Managing Risk in the Supply Chain
- 7.2 Understanding the Supply Chain Risk Profile
- 7.3 Managing Supply Chain Risk
- 7.4 Achieving Supply Chain Resilience

Module 7 Assignment Questions

Module 8 – E-Procurement And E-Supply Chain Management

- 8.1 Introduction To E-Commerce, E-Business, E-Supply Chain Management and E-procurement
- 8.2 Electronic Data Interchange (Edi)
- 8.3 E-Hubs, Exchanges, Portals, Marketplaces and E-Catalogues
- 8.4 E-Auctions and Reverse Auctions

Module 8 Assignment Questions

HUMAN NUTRITION AND DIETETICS

What comes to your mind when you hear of malnutrition? How do you feel when you are hungry? It is amazing to know that you can change people's lives by understanding aspects of nutrition and be able to **create healthier sustainable communities where people thrive and attain their full potential.**

The food we eat has a significant impact on our health, according to a number of scientific studies. Changes in diet can help prevent or control many health problems, including malnutrition. **According to WHO Nutrition is a critical part of health and development.** Better nutrition is related to the improved infant, child and maternal health, stronger immune systems, safer pregnancy and childbirth, lower risk of non-communicable diseases (such as diabetes and cardiovascular disease), and longevity. **People with adequate nutrition are more productive and can create opportunities to gradually break the cycles of poverty and hunger.**

Malnutrition, in every form, presents significant threats to human health. Today the world faces a double burden of malnutrition that includes both undernutrition and overweight, especially in low- and middle-income countries.

Make yourself conversant with all aspects of nutrition to help build healthier communities and tackle malnutrition by registering and joining our courses today to learn the best way to do so.

Certificate in Human Nutrition and Dietetics

MODULE 1: Introduction To Nutrition

- 1.1 Introduction To Nutrition
- 1.2 Principles Of Nutrition
- 1.3 Nutrition Assessment
- 1.4 Primary Health Care

Module 1 Assessment Questions

MODULE 2 - Nutrition In The Life Span

- 2.1 Human Anatomy And Physiology
- 2.2 Nutrition In Convalescents
- 2.3 Nutrition In Pregnancy And Lactation
- 2.4 Nutrition For The Elderly

Module 2 Asssment Questions

MODULE 3 - Meal Planning

- 3.1 Introduction To Meal Planning
- 3.2 Food Safety And Hygiene
- 3.3 Non-Communicable Diseases
- 3.4 Community Nutrition Diagnosis

MATERNAL INFANT AND YOUNG CHILD NUTRITION (MIYCN)

How conversant are you with matters to do with basic concepts of nutrition, maternal nutrition, breastfeeding techniques, **infant/newborn care**, and complementary feeding? Poverty, food insecurity, ignorance, lack of appropriate **infant and young child feeding practices**, the heavy burden of infectious diseases, and poor hygiene and sanitation are among the factors that are responsible for the **high levels of maternal and child undernutrition in developing countries**.

Our MIYCN Course aims to help you understand and learn how to **implement and promote different feeding practices among mothers and families** across different communities as well as cultivate a greater understanding of good nutrition-related behaviour and improve nutrition outcomes for children, especially within the first five years of life, this is because **Maternal and infant nutrition saves lives and supports the attainment of the Sustainable development goals** and future prosperity.

Build your skills today with us by exploring and registering for our courses in MIYCN.

Certificate in Maternal Infant and Young Child Nutrition (MIYCN)

MODULE 1: Nutrition in Pregnancy and Childhood

- 1.1 Nutrition in pregnancy
- 1.2 Breastfeeding
- 1.3 Pediatric nutrition assessment
- 1.4 Complimentary feeding

Module 1 Assessment Questions

MODULE 2 - malnutrition and its management

- 2.1 Overview of malnutrition
- 2.2 Management of malnutrition in infants less than 6 months old
- 2.3 Inpatient management of severe acute malnutrition
- 2.4 Outpatient management of severe acute malnutrition

Module 2 Asssment Questions

MODULE 3 - community nutrition response

- 3.1 Management of moderate acute malnutrition
- 3.2 Community mobilization
- 3.3 Emergency nutrition response
- 3.3 Nutrition information, education and communication

Module 3 Assessment Questions

DISASTER RISK REDUCTION AND MANAGEMENT

The reason most disasters are called emergencies in the first place is that they are unpredictable. At times you can never plan for **extreme weather changes** that result in floods or drought. But with the unpredictability of Climate change and weather patterns has helped people result in studying these patterns to form Early Warning Systems and **help reduce these effects caused by disasters.**

Have you ever asked yourself what you would do when a disaster strikes? **Are you prepared for an emergency?** How would you help your community mitigate the effects of disasters? Ask no more, because our DRRM Course helps you understand and learn how to apply disaster risk reduction policies and strategies to prevent new disaster risks, reduce existing disaster risks and manage residual risk, **contributing to the strengthening of resilience and reduction of disaster losses in communities.**

Learn more about how you can help the communities you serve in case of a disaster, and learn how you can help them build back and manage resources during periods of emergencies.

Certificate in Disaster Risk Reduction and Management

MODULE 1: Introduction to DRRM

- 1.1 What is DRRM
- 1.2 History of DRRM
- 1.3 Significance of DRRM
- 1.4 Emerging Trends in DRRM

Module 1 Assessment

MODULE 2 - Terms and Concepts in DRRM

- 2.1 Concepts used in DRRM
- 2.2 Program Terms in DRRM
- 2.3 Emergency Terms in DRRM
- 2.4 DRRM Terms & Concepts

Module 2 Assessment

MODULE 3 - Disasters & Risk Assessments

- 3.1 Types of Disasters
- 3.2 Disaster Management
- 3.3 Risk Assessment
- 3.4 Steps to Consider in Risk Assessment

Module 3 Assessment
