Section I: Introduction

The Shejeh Salam is a 5-year USAID funded Activity, implemented by DT Global, and has been operational in South Sudan since September 30, 2020. Shejeh Salam will help the process toward its overall goal to strengthen the foundation for a more self-reliant South Sudan by empowering citizen and community actors who have been deeply affected by current conflict.

The purpose of this invitation is to solicit pre-qualification offers and conduct due diligence of eligible construction companies for as-needed construction projects to be subsequently finalized through invitations to short-listed companies to submit proposals for specific construction projects.

The Shejeh Salam Program is planning to implement new constructions and renovations of existing structures in below-listed counties within South Sudan:

- a. Western Bahr el Ghazal: Jur River and Wau
- b. Greater Jonglei: Duk, Uror, Akobo, and Pibor
- c. Unity: Panyijiar, Mayandit, and Leer
- d. Eastern Equatoria: Kapoeta North and Budi
- e. Upper Nile: Baliet and Ulang
- f. Central Equatoria: Juba

If your company is not available to work in some of the targeted counties, please indicate which ones; otherwise, please confirm your company is able and willing to carry out work in all targeted counties.

Interested companies are therefore invited to submit prequalification applications to construct small structures and other construction works, following the requirements in this RFPQ.
