### Internal/External Job-Advertisement

Save the Children is an international non-governmental organization that works for a future of children, their families and communities realize social equity and dignity; have access to their basic physical, emotional and development needs.

SCI is seeking to recruit: -

**Job Title: Nutrition Nurse (2 post)**

**Location: Bor Field Office, Jonglei state**

**Reports to: Nutrition Officer**

**Contract Period: 11 Months with possibility of extension**

#### ROLE PURPOSE:

He/she will contribute to the effective implementation of nutrition project and is responsible for managing Inpatient care at Stabilization Centre and ensures that medical & nutritional care is properly delivered to the patients admitted to SC based on proper screening, WFH measurements, clinical and physical examinations. Closely follow up the condition of the patients admitted to the SC on 24/7 basis and manage the staff, food, drugs, other medical supplies and any other SC resources under his/her line management

#### KEY AREAS OF ACCOUNTABILITY:

- Admit sick children with major risks and medical complication to Stabilization Centre and provide them with inpatient care as per South Sudan National Guideline.
- Take the history of a malnourished patient and conduct clinical examination. Fill the inpatient record card; provide treatment of sick children and give appointment as per the protocol.
- Examine the patients in the programme every day and record all the progress on their cards. Ensure that all the severely malnourished children with medical complication receive routine medications as per the guideline.
- Screens on vaccination status and in collaboration with the ~~Public Health Service~~ to vaccinate all malnourished children against Vaccine-preventable diseases and provide vitamin A supplementation and albendazole deworming.

Approved:   
  
16/01/2023

- Ensure that all sick children get medical treatment according to the standard treatment protocol.
- Provide health education to the caretakers of severely malnourished children in the programme on the causes of malnutrition, diarrhoea, feeding practices and other related illnesses.
- Calculate the quantity of plumpy nut and therapeutic milk required for each week based on the number of children admitted to SC.
- Order drugs required in each week for SC inpatient care.
- Work closely in coordination with the CMAM officer and the rest of the team and assist in the supervision of food supplement to beneficiaries.
- Train and supervise the Community nutrition volunteers (HHPs and Lead mothers) on the screening/identification of severely/moderately malnourished children using MUAC and the follow up of progress for those admitted in the OTP.
- Comply with all Save the Children policies and procedures with respect to child protection, health and safety, security, equal opportunities and other relevant policies.
- Any other duties requested by Nutrition line manager.

### **The Organisation**

We employ approximately 25,000 people across the globe and work on the ground in over 100 countries to help children affected by crises, or those that need better healthcare, education and child protection. We also campaign and advocate at the highest levels to realise the right of children and to ensure their voices are heard.

We are working towards three breakthroughs in how the world treats children by 2030:

- No child dies from preventable causes before their 5th birthday

- All children learn from a quality basic education and that,
- Violence against children is no longer tolerated

We know that great people make a great organization, and that our employees play a crucial role in helping us achieve our ambitions for children. We value our people and offer a meaningful and rewarding career, along with a collaborative and inclusive environment where ambition, creativity, and integrity are highly valued.
