**Location**: Pibor, GPAA – position will be based in Livewell PHCC with the majority of work in Pibor PHCC but may also involve travel to either Gumuruk or Lekuangole PHCUs.

**Job Purpose:** To provide wholistic midwifery care to women and newborns and facilitate achievement of the objectives to reduce morbidity and mortality by the provision of emergency healthcare services to internally displaced and vulnerable host populations in the GPAA.

## Key Responsibilities

**Perinatal Care – supervise and support staff to**

- Assess all pregnant women attending the clinic for antenatal care (ANC), provide preventative treatments including tetanus vaccinations, IPT and iron /folate supplements on recommended MoH schedule,
- Screen all women for malnutrition and refer to SFP programme if needed,
- Distribute non-medical items (e.g. mosquito nets +/- clean delivery kits) to pregnant women at appropriate ANC visit and maintain accurate records
- Keep accurate records of examination and treatment of all women attending for ANC on patient card and registration books
- Compile regular and timely reports weekly and monthly reports as requested by Medair and MoH.
- Provide health education to all women attending for ANC, including importance of hospital/clinic delivery, good hygiene, EPI and MIYCN practices.

**Community Mobilisation**

- Liaise with community mobiliser and community nutrition volunteers and other home health promoters to encourage referral of all pregnant women to clinic.

**Administrative tasks**

- Keep accurate and up to date records of all clinic attendance, education sessions, treatment prescribed and items distributed
- Compile and distribute regular weekly and monthly reports on all activities as requested by Medair, MoH and partner organizations.

**External representation**

- To work closely with other midwives, health and nutrition staff in the clinic (whether Medair, MoH or other NGO employees)
- To assist with liaison with CHD, MoH staff and representatives of other NGOs to ensure quality RH services are provided to beneficiaries, as required.
- Refer to the Reproductive Health Manager or Health Project Manager before making any commitment on behalf of Medair whether verbal or written

## Person Specifications

**Essential Requirements**

- Clinical degree or diploma: Midwifery
- 2 years post-qualification midwifery experience
- Fluent in written and spoken English
- Fluent in spoken Arabic and Fluent in local language of assigned clinic population

**Desirable**

- 1 year working with similar organization (NGO, humanitarian response organization)
- Fluent in written Arabic
- Ability to speak, or willingness to learn, local language

**Applications deadline: 10th November 2022 at 5:00 PM.**
