One or more Agreements between TCC and successful vendors may result from this process. The purpose of the resulting contract agreement will be to set the prices for services, equipment and supplies, and to outline the obligations of both parties. If, at any time and for any reason, either party wishes to end its participation under the agreement it may be cancelled, with notice as specified in the agreement. In such an event, a new open competitive tender process may be undertaken to result in a new contract agreement.

If you are interested in participating, please submit a proposal to supply the items indicated below. Note that, if successful, the prices quoted in your proposal will be the prices at which goods and services will be purchased for the duration of the contract agreement.
