ORGANIZATIONAL BACKGROUND

Interchurch Medical Assistance, Inc. (d/b/a IMA World Health) is a nonprofit organization dedicated to implementing health care programs in developing countries. Highly motivated and dedicated employees, committed to the mission, vision, goals, and objectives of IMA World Health (IMA), make the accomplishment of its mission possible. Accordingly, IMA recognizes that its employees are responsible for its accomplishments and provide the foundation for continued future service to those in need. IMA is a donor-funded organization; therefore, terms and conditions of employment are subject to available project/program funding. An awareness of IMA's purpose and goals will enable employees to benefit from their employment, share a common purpose, and more effectively meet their work responsibilities.

JOB SUMMARY

This position is for the MOMENTUM Integrated Health Resilience project, led by IMA World Health and will report to the County project Officer. The Community Strengthening Liaison is responsible for coordination and collaboration between the facility and community, specifically regarding strengthening community-to-facility linkages to improve continuity of care throughout the life of the project.

Key Responsibilities:

- Support the rollout of SBC activities and the small grants program in MIHR project areas as required related to demand generation and community engagement
- Support quality improvement team and the roll out of social accountability activities in the community, including youth

- Participate in and/or provide leadership to joint assessments, planning or other activities that involve coordination among health actors in the County; recommend appropriate future responses/partnerships/programming for IMA to pursue.
- In coordination with the CHD, Provide direct supervision of the local Health Workers, included those seconded by CHD/MoH, and to ensure they exercise high Standards of performance, adherence to the National (MoH) relevant Health guidelines and treatments protocols, conduct training needs assessment and support their capacity building efforts through tailored training to enhance their participation in the project, improve quality of care and lifesaving medical Health assistance to the affected/targeted communities.
- Coordinate with the County Health Department, (CHD/MoH) to ensure their involvement in the design of the programmes and overall leadership of the Healthcare management to ensure long-term sustainability and ownership of the Health activities.
- Reporting: Development and sharing of timely and quality project reports; including Weekly updates, as well as Monthly, Quarterly Indicator tracking, Mi-year and end of Project reports. Document challenges and lesson learnt, for contextual analysis.
- Attend County level coordination of project, with the consortium partner, CHD/MoH, UN and other INGOs.
- Coordinate with Human Resource to address any HR issues for the County team.
- Oversee proper use and maintenance of facilities, assets, equipment and supplies owned or used by ESIR Project.
- Ensure timely procurement and distribution of drugs and other commodities to the health facilities.
- Support County warehouse manager to maintain and manage the warehouse.
- Submit timely, accurate and professional program reports that meet donor requirements.
- Liaise with partners and other organization as appropriate.
- Perform any other duties as assigned by line manager.

REQUIRED QUALIFICATIONS:

- ❖ Recognized Degree in Health or Public Health.
- ❖ Minimum 3-5 year of overall experience in the emergency health services delivery and the management of health systems, emphasizing the revitalization of primary health care systems in rural areas and communities.
- ❖ Demonstrated ability to work with State Ministry of Health, CHD, local health staff and local officials to implement improvements in health care.
- ❖ Proficiency in Microsoft Office applications including MS Word, Excel, PowerPoint and Internet
- ❖ Willingness to support the Health County Department's Mission.

LEADERSHIP COMPETENCIES

- ✓ Proven leader with a passion for and proven leadership in community health and public health.
- ✓ Collaborative orientation with ability to work with others in a respectful, equitable, collegial, approachable, flexible, candid and diplomatic.
- ✓ A natural convener and builder of collaborative relationships with government, communities, partners, while upholding integrity and authenticity.
- ✓ Ability to work independently with minimal supervision and still deliver results.
