Organization View

AGENCY FOR CHILD RELIEF AID (ACRA) is a national Non-Profit, Non-Government Humanitarian Organization established by dedicated South Sudanese professionals. ACRA aims to offer sustainable livelihood opportunities to support and improve the lives of vulnerable children and populations in both urban and rural areas of South Sudan. The organization works to ensure access to essential services such as Child protection, Education, Gender-Based Violence (GBV) prevention and awareness, Safe Water Supply, Sanitation facilities, Sustainable Food Security & Livelihoods, Nutrition, and Primary Health Care services while upholding human rights principles and promoting peace and social well-being for all.

Vision: A society where children and vulnerable communities are empowered and equitably access sustainable livelihood opportunities.

Mission: ACRA mission is to provide Hope and Recovery to conflict and natural disaster affected children and communities through engagement in the sectors of Livelihoods, Environment, Education, Protection and Emergency Aid.

Job Summary

The Project Health & Nutrition Officer is responsible for planning, implementing, supervising, and reporting on all health interventions within the project. The role ensures quality delivery of primary health care services, disease prevention, health promotion, and capacity-building of frontline workers. The officer supports coordination with partners, ensures adherence to national and donor guidelines, and contributes to improved health outcomes for IDPs, returnees, and host communities.

Roles & Responsibilities/Job Description

Health Responsibilities

- Oversee day-to-day implementation of all primary health care activities at health facilities and community level.
- Conduct supportive supervision and mentorship for health facility staff and CHWs.
- Monitor availability of essential drugs, medical supplies, and equipment.
- Lead health education and community health promotion sessions.
- Support disease surveillance, early detection, and reporting of outbreaks in alignment with MoH/WHO guidelines.

- Strengthen community referral pathways for maternal, newborn, and child health (MNCH) services.
- Facilitate integration of ANC, PNC, immunization, and reproductive health services into primary care.
- Participate in health campaigns such as immunization, WASH/IPC activities, and risk communication.
- Prepare weekly and monthly health reports using approved tools and templates.
- Train health staff on clinical protocols, IPC, case management, and emergency response procedures.

Monitoring, Coordination & Reporting

- Ensure quality data collection, validation, and entry for all health and nutrition indicators.
- Participate in field assessments, surveys, rapid needs assessments, and monitoring missions.
- Represent the organization at Health Cluster, and technical coordination meetings.
- Document success stories, case studies, lessons learned, and best practices.
- Support procurement planning for health supplies.
- Ensure compliance with national guidelines, donor requirements, and internal policies including safeguarding and Do-No-Harm.
- Identify emerging risks, gaps, or challenges in service delivery and propose corrective measures.

Other Duties

- Perform any other tasks assigned by the Supervisor

MINIMUM QUALIFICATION/EXPERIENCE

- Bachelor's degree in Public Health, Nursing, Clinical Medicine, or related field.
- Additional training in CMAM/IMAM, IYCF, IPC, disease surveillance, or emergency response is an added advantage.
- Minimum 2–3 years of field experience in health and/or nutrition programming in humanitarian or development contexts.
- Experience working with IDPs, returnees, host communities, or emergency responses.
- Demonstrated experience in PHC, health promotion, and community outreach.
- Experience supervising frontline staff (nurses, nutrition assistants, CHWs/CHVs).

- Practical experience in data collection and reporting using tools such as DHIS2, Kobo, ODK, or Excel.
- Experience participating in health and nutrition coordination meetings is an asset

SKILLS AND ATTRIBUTES

- Strong knowledge of MoH guidelines, WHO standards, CMAM protocols, and PHC systems.
- Ability to conduct anthropometric measurements and basic clinical assessments.
- Good understanding of community engagement, BCC, and health promotion strategies.
- Competence in supply management for medical and nutrition commodities.
- Strong computer skills (Word, Excel, PowerPoint, data-entry tools).
- Strong communication, interpersonal, and facilitation skills.
- Ability to work in remote, stressful, and resource-limited environments.
- Excellent coordination, teamwork, and problem-solving skills.
- High level of integrity, confidentiality, and professionalism.
- Commitment to humanitarian principles, protection, safeguarding, and gender equality.
- Ability to work independently with minimal supervision and take initiative.
- Fluency in English required; knowledge of local languages is an advantage.
- Willingness to travel frequently to field sites.
- Ability to ride a motorbike is an added advantage.

WORK CONDITIONS

The position is field based Baliet County of Upper Nile State South-Sudan Applicants must have no history of violation of children’s rights or of Child abuse and sexual exploitation of any kind.
