Save the Children is an international non-governmental organization that works for a future of children, their families and communities realize social equity and dignity; have access to their basic physical, emotional and development needs.

SCL is seeking to recruit: -

Job Title: Hygiene Promotion Officer (1 post)

Location: Akobo East

Reports to: Wash Technical Specialist

Contract Period: 6 Months

ROLE PURPOSE

The incumbent of this position represents Save the Children values and principles in interactions with staff and external audiences. These values and principles include commitment to the mission of Save the Children international, team orientation, quality management and leadership development, introducing systems and procedures to strengthen staff motivation and productivity

In response to the ongoing food insecurity and crisis in South Sudan, humanitarian actors are providing assistance and alleviate the suffering of the people. Having its experience in South Sudan for over 20 years, Save the Children will implement this livelihood based response that integrates WASH in Aweil East, Northern Bahr El Ghazal State through SSJR 3. The South Sudan Joint Response 3 (SSJR 3) Project aims to saving lives and alleviate suffering of those most in need of assistance and protection, and protect the rights and uphold the dignity of the most vulnerable.

The incumbent of this position represents Save the Children values and principles in interactions with staff and external audiences. These values and principles include commitment to the mission of Save the Children international, team orientation, quality management and leadership development, introducing systems and procedures to strengthen staff motivation and productivity. In the event of a major humanitarian emergency, the role holder will be expected to work outside the normal role profile and be able to vary working hours accordingly.

The post holder will be responsible for overall community mobilization and engagement, timely planning, coordination, implementation, monitoring and review of the project. The post holder will

specifically oversee the Emergency Water, Sanitation and Hygiene (WASH) components of the South Sudan Joint Response Emergency Project – Phase 3 (SSJR 3) for its successful implementation according to approved donor and government agreements. It will also ensure that the human, material and financial resources of the project are well managed in line with plan financial, grant management and other approved guidelines in close collaboration with the project and other team members. In the event of a major humanitarian emergency, the role holder will be expected to work outside the normal role profile and be able to vary working hours accordingly.

KEY AREAS OF ACCOUNTABILITY:

- To ensure the Emergency Water, Sanitation and Hygiene (WASH) component of the project is implemented according to the approved donor and government agreements.
- Conduct baseline assessment on community needs, existing WASH related initiatives (water supply, sanitation and hygiene), existing infrastructures and capacities in WASH, and identify the project intervention's sites.
- Prepare annual, quarterly and monthly action plans of project activities related to WASH, including checklist for assessments, monitoring, review and evaluation of project activities.
- Responsible for specifying and ordering required materials for WASH interventions with in planned timeframe
- Ensure goods and stocks are properly recorded and distributed in accordance with funding documentation.
- Mobilize the community to participate in the project and encourage all groups to participate in the project
- Facilitate trainings and promotional activities towards improving the hygiene and sanitation practices of the local experts and communities
- Ensure that WASH activities are integrated with other activities for optimum benefit of the beneficiaries.
- Work with project SSJR 3, other project team members and WASH Technical Advisor at the CO to identify the technical support needs of the project and ensure this support is provided
- Develop and regularly update a detailed project work plan guiding the project implementation and ensure this is used by the project team to monitor project progress towards completion the WASH component of the project.
- Coordinate and attend WASH related meetings at County levels
- Liaise with other actors for appropriate response in WASH sector in close consultation with the immediate supervisors
- Compile weekly, monthly and periodical progress reports both for internal and external consumption
- Oversee Monitoring and Evaluation activities in WASH component.
- Comply with all relevant policies and procedures with respect to child protection, health and safety, security, equal opportunities and other relevant policies

- Experience working for Save the Children and working across organisational structures

The Organisation

We employ approximately 25,000 people across the globe and work on the ground in over 100 countries to help children affected by crises, or those that need better healthcare, education and child protection. We also campaign and advocate at the highest levels to realise the right of children and to ensure their voices are heard.

We are working towards three breakthroughs in how the world treats children by 2030:

- No child dies from preventable causes before their 5th birthday
- All children learn from a quality basic education and that,
- Violence against children is no longer tolerated

We know that great people make a great organization, and that our employees play a crucial role in helping us achieve our ambitions for children. We value our people and offer a meaningful and rewarding career, along with a collaborative and inclusive environment where ambition, creativity, and integrity are highly valued.
