**To Whom It May Concern**

I write this letter of reference for Eskallade Technology South Sudan Co Ltd on QuickBooks Comprehensive training services with a great pleasure.

Eskallade Technology South Sudan Co Ltd provided comprehensive QuickBooks training services for our staff in Financial, Procurement & Human Resource departments.

We were extremely impressed with Eskallade professionalism, quality, practical training approach and moreover, the commitment displayed towards the entire period of the QuickBooks training services as a whole. The trainer Mr. Herman Williams was easy to communicate with, thorough knowledge of his understanding of QuickBooks accounting software was noted. He performed well over the general requirements of the QuickBooks training contract. The QuickBooks services was delivered to substantial on time and within our management expectations.

I believe this firm to be very capable QuicksBooks service provider and would have absolutely no reservations in recommending them to any NGO for future in provision of QuickBooks within South Sudan. Please feel free to contact my office directly if you have any questions regarding their performance or QuickBooks training history.
