Re-advertisement

Job title: Local Statistician/Economist (Consultancy) – WACRESS Project
Reporting to: Regional Technical Project Manager
Location: Aweil East
Availability: As soon as possible

Purpose of the position:

The consultancy work will start as soon as possible and all the processes must be completed **within 60 days** of signing the contractual agreement. The timeframe includes submission of reports. The task is very time sensitive, and hence in the work plan the Local Statistician/ Economist should present in detail how he/she will adhere to this timeframe.

ROLES AND RESPONSIBILITIES:

The Local Statistician/ Economist will be responsible for the following:

- 1) Provide a detailed Inception Report.
- 2) Work together with the M&E Specialist to facilitate designing processes for data collection.
- 3) Compile all the statistical baselines.
- 4) Lead in the analysis, and interpretation of data.
- 5) Facilitate identification of trends and relationships in data.
- 6) Work with the Chief Technical Advisor focusing on collation of digital dataset including statistical tables and GIS files with clear attribution and an annotated bibliography of all

references developed by trawling available sources such as NBS, AFIS as well as reports and publications, including grey literature.

- 7) Communicate patterns in data to advise how the WACRESS Project operations should be altered or changed.
- 8) Lead the registration of the Project's 75,000 targeted participants in the project database.
- 9) Supervise a team of 12 Community Volunteer Enumerators and 6 Data Entry Enumerators for registration of 75,000 project participants.
- 10) Submit the daily updates to the Senior Project Manager and the Chief Technical Advisor, throughout the consultancy period.
- 11) Having reporting matrix to the Program Quality and Strategy Manager.

Required Education, training, license, registration, and certification

- 1) Degree in Business Administration, Economics, Statistics or related field.

Experience

- 1) A minimum of 5 years' experience in a similar related work.
- 2) Monitoring and Evaluation (M&E) skills including the ability to collect and analyze data, document progress, and evaluate outcomes.
- 3) Demonstrate understanding of qualitative and quantitative techniques.
- 4) Ability to collect and organize data from a variety of sources, such as surveys, interviews, focus groups, and other qualitative and quantitative methods.
- 5) Ability to interpret and analyze the data collected, as well as the ability to present the data in a meaningful way.
- 6) Ability to identify patterns and trends within the data, and to draw meaningful conclusions from these patterns and trends.
- 7) Ability to evaluate the quality of the data collected and to identify potential sources of bias or error.
- 8) Possess sampling techniques, statistical, analytical and communication skills.
- 9) Experience in designing tools and strategies for data collection, analysis and production of reports.

HOW TO APPLY

Interested candidates (**South Sudanese Nationals**) who meet the above criteria should submit their application, cover letter and an updated CV with at least three referees with their telephone contacts and email addresses as per the instruction below:

Due to urgency of the positions, applications submitted will be shortlisted on a rolling basis, should there be suitable candidates and the positions may be filled before the deadline for applications.

Indicate the position you're applying for in the subject line.
