### **Annex 2 SUPPLIER CODE OF CONDUCT**

ACROSS is committed to complying with all laws and regulations that apply to our Christian ministry and operating in a manner consistent with the highest professional and ethical standards. As an ACROSS supplier, you play an integral role in helping us achieve these goals. We created this Supplier Code of Conduct to communicate the minimum standards by which all ACROSS suppliers are expected to conduct themselves when providing goods or services to our system. Please note ACROSS may establish guidelines that are more restrictive than those described in this document. It is your responsibility to share this Supplier Code of Conduct with all personnel who may be engaged in conducting business activities with ACROSS.

**Respectful Behaviours and Relationships** – All suppliers are expected to treat those they work with in ACROSS with honesty, dignity, and respect. This includes maintaining a positive and courteous customer service orientation, speaking professionally and respectfully, and responding to requests for information or assistance in a timely manner.

**Essential Services and Business Continuity** – If a supplier's services are deemed vital to ACROSS's ability to provide goods and services to beneficiaries and persons of concern, supplier must agree to develop, test and implement business continuity and disaster recovery plans. Suppliers are also expected to implement adequate security safeguards to prevent cyber security interruptions.

**Gifts** – ACROSS recognizes that the cost of gifts, including meals, entertainment, and social activities provided by suppliers is ultimately borne in the cost of products and services we purchase. Consistent with our mission to be faithful stewards of our resources, ACROSS discourages suppliers from providing any gifts or other items of value to our colleagues or contractors working in ACROSS facilities ("ACROSS Personnel"). The following items are never acceptable:

- Gifts given to ACROSS Personnel for the purpose of influencing a purchasing and contracting decision.
- Gifts that reasonably could be perceived as a bribe, payoff, deal, or any other attempt to gain a competitive advantage.
- Cash or items redeemable for cash such as checks, gift cards, stocks, etc.
- Gifts to or from government representatives.
- Gifts or other incentives given for the purpose of encouraging or rewarding referrals.
- Gifts that may violate a law or regulation.

The above requirements do not apply to meals and refreshments provided in connection with a conference or other educational program sponsored by a supplier for the benefit of all attendees.

**Sponsored Events** – ACROSS colleagues may attend supplier sponsored local or out-of-town programs, workshops, seminars and conferences that have a legitimate educational purpose or otherwise support ACROSS business objective (e.g., product training) provided such events are infrequent (i.e., no more than once annually) and ACROSS, not the supplier, pays for any related travel and overnight lodging costs.

**Fundraising** – As a tax-exempt, Christian charitable organization, ACROSS may solicit charitable contributions to support our livelihood, wash, protection, peace building, and education and health programs. Only ACROSS specific departments responsible for fundraising activities may solicit such gifts. ACROSS colleagues with responsibilities for ongoing business relationships with suppliers, including the negotiation or selection of suppliers, are prohibited from solicitation and fund-raising activities with

suppliers. Other than legitimate fund-raising activities as described above, ACROSS colleagues are not allowed to solicit gifts, entertainment, or meals from suppliers at any time. Suppliers who encounter situations where ACROSS colleagues are in violation of this policy are expected to contact the ACROSS Integrity & Compliance Line at +211927447700 and +254722923203.

**Conflicts of Interest** – Conflicts of interest, in which a ACROSS board member, leadership team, or colleagues' relationship (e.g., employment, investment or other connection) with a supplier conflict, or could appear to conflict, with ACROSS's business interests, must be disclosed. ACROSS does not permit persons with conflicts of interests to make purchasing decisions. In addition, ACROSS colleagues are not permitted to work for a supplier if ACROSS is a customer of the supplier. We expect our suppliers to bring any actual, potential, or perceived conflicts of interest to the attention of a ACROSS high-level representative (other than the person who has a relationship with the supplier) in a timely manner.

**Compliance with Laws** – Suppliers are required to conduct their business activities in compliance with all applicable laws and regulations, including laws applicable to individuals and entities operating in South Sudan

**Privacy and Security** – South Sudan laws require ACROSS and our suppliers to maintain the privacy and security of ACROSS protected health information (PHI). Suppliers are responsible for ensuring all supplier personnel who provide services to ACROSS be aware of and familiar with the requirements of both the Health Insurance Portability and Accountability Act (HIPAA) Privacy and Security

Rules and, where applicable, those state laws that provide more stringent protection of PHI. Suppliers are also responsible for ensuring all supplier personnel who provide services to network connected devices receive role-appropriate periodic training and assessments (at least annually) on cyber security. In addition, the supplier is responsible to ensure all reasonable and customary industry accepted actions are taken to ensure their respective devices are protected and malware free prior to installation and or use. If a supplier's business relationship with ACROSS will require access to or usage of PHI, the supplier will be required to sign a Business Associate Agreement with us.

**Infection Control Policies** – Supplier personnel whose activities require access to direct patient care environments are required to adhere to ACROSS infection control policies applicable to the organizations visited.

**Eligibility to Participate in ACROSS Programs** – ACROSS will not conduct business with any supplier listed on the United Nations list of suspended and removed vendors

**Fraud, Waste and Abuse (FWA)** – ACROSS will promptly investigate any reports of alleged violations of law, regulations or ACROSS policies involving supplier or a supplier's personnel, including

Allegations of FWA involving ACROSS programs. Suppliers are expected to fully cooperate in such investigations and, where appropriate, in taking corrective actions in response to confirmed violations. These laws also protect "whistle-blowers" – people who report noncompliance or fraud, or who assist in investigations, from retaliation. ACROSS policy prohibits retaliation of any kind against individuals exercising their rights under the Federal False Claims Act or similar state laws.

**Environmental Purchasing Policy** – ACROSS is committed to purchasing products and services whose environmental impacts are healthier for the environment and human health. ACROSS expects suppliers to develop price competitive, environmentally sound, and safe products and services that help us achieve these objectives.

**Supplier Diversity Program** – ACROSS has a long tradition of support for programs that foster diversity in our organization, and in our communities. Where applicable, ACROSS expects its suppliers to mirror our commitment, through subcontracting opportunities with diverse businesses and providing information to ACROSS on supplier diversity when requested.

**Visitor Policy** – When visiting ACROSS facilities, suppliers must comply with applicable ACROSS visitor policy, including but not limited to, infection control policies. Supplier representatives are required to schedule appointments and must register prior to visiting ACROSS premises. Representatives will be required to state the area to be visited, and visits must be restricted to those location(s) only. Visitor badges provided by the facility must be worn at all times.

**Product Samples** – With the exception of drug samples provided to a public health Centre or clinic, supplier product samples may not be provided without the advance review and approval of ACROSS Supply Chain Management.

**Publicity** – Suppliers are not permitted to distribute advertising, press releases, or any other general public announcement regarding its products or services to ACROSS facilities unless you have obtained prior written authorization from an authorized ACROSS management employee.

**Business Record Retention** – ACROSS requires suppliers to retain and make available records related to business with ACROSS in accordance with applicable law, regulation, and contract requirements.

**REQUEST FOR QUOTATION (Tender document)**

**Date 20<sup>th</sup> /05/2024.**

ACROSS also requires suppliers to retain and make available known cyber security vulnerabilities, as well as mitigations for devices purchased from supplier.
