Department:	Program
Location:	Juba with visits to field locations
Reports to:	Deputy Country Director - Program
Provides supervision to:	Humanitarian Response Project Managers
	Position Re-advertised
Starting date:	ASAP

Job Summary

The Humanitarian Response Coordinator provides oversight and leadership to humanitarian programme operations and technical expertise in ensuring programme quality implementation, accountability and compliance with donor and CARE South Sudan (SSD) requirements in the humanitarian response. S/He provides leadership for CARE SSD in emergency preparedness and response as well as ensures the mainstreaming of humanitarian approach to support the other pillars of the CARE SSD programmes – Food Security and Women Economic Justice, Health and Nutrition, and Gender Equality. Coordinates the ERT and represents CARE with other agencies involved in emergency preparedness and response at national and local levels. In collaboration with the MEAL team, relevant data, and information to be shared with the national, local government and sub-cluster representatives such as the 5Ws data.

Specific Responsibilities:

Job Responsibility #1 (25%) Emergency Preparedness and Response and Emergency Response Team (ERT) Building.

- Ensures to regularly update the CARE SSD’s Emergency Preparedness and contingency plans.
- Ensures Country office’s Minimum Preparedness Actions (MPAs) are implemented, and Emergency Preparedness Plan (EPP) systems are in place.
- Leads on capacity development of Emergency Response Team members e.g., use of CARE Playbook and Tool Kit.
- Leads on the development and sharing of Emergency Alert.
- Ensures participation in humanitarian coordination meetings as scheduled.

Job Responsibility #2 (25%) Country Office Resource Mobilization (RM) for Emergencies.

- Collaborates with the Program Development and Quality Coordinator (PDQC) in the development and implementation of humanitarian/emergency projects.
- Coordinates with information manager for input into knowledge and communications products
- Inputs into proposal development and delegates appropriately
- Coordinates CARE representation in national, regional, and local workings groups as advised by the PDQC/RM working group and ensuring information is collected and fed back.

Job Responsibility #3 (30%) Emergency Projects compliance and Implementation.

- With support from DCD-P, ensures all Individual Project Implementation Agreements (IPIAs), budgets and sub-agreement for emergency projects are in place.
- Coordinates participation in field level meetings to appraise CARE 's role in humanitarian response.
- Reviews and approves project reports (narrative and financial) from PMs under humanitarian response and shares with relevant donors.
- Ensures the senior leadership team is kept informed about progress in the humanitarian response implementation and strategies, project plans, progress reports, and other significant developments.
- Approves emergency procurement plans as per policy threshold.
- Provides oversight and guidance on humanitarian projects' financial reports, inception, progress, and close-out meetings.
- Leads on monitoring of relevant sources for potential disasters (e.g., flood warnings) and communicates information with the DCD – P and ERT.
- Leads the rapid response team (RRT) team to conduct relevant assessment for both rapid and slow on set emergencies.
- Ensures and approves preparation and timely sharing of situation Reports (sitreps).
- Oversees accountability mechanisms are in place and monitored.
- In collaboration with the MEAL team, ensures 5Ws and other information needed by the clusters are timely submitted.
- Approves the M&E framework and implementation plan for Emergency projects.
- Monitors compliance and accountability in the use of emergency projects resources in line with CARE and donor requirements
- Supports the MEAL team in development of new strategies that include proposal of data collection methods and defining gender and protection indicators during project design; and supporting the team by providing guidance in data collection.
- Interprets the analysed data including the Project/Programme Information and Impact Reporting System (PIIRS) data, present how the gender and protection objective is progressing in terms of performance indicators and propose plans for action to address any gaps in project implementation.
- Communicates programme outcomes to stakeholders, including CARE Member Partners, CARE Impact Area Leads and Donors.
- Shares best practices and lessons learned to improve program effectiveness and provide regular reports to the SLT and the program team.

Job Responsibility #4 (15%) Representation and Partnerships

- Participates in the relevant humanitarian clusters and represents CARE on behalf of the department, and with donor and stakeholder meetings and other technical working groups.
- Contributes to the creation of a positive image and overall credibility of the organization, notably through the application of the organization's Code of Conduct, ethics, values, and standpoint with regular internal and external actors.
- Ensures maximum visibility of the organization amongst the donor and INGO communities.
- Ensures CARE's partners across all sectors receive the relevant trainings around CARE's humanitarian approach.
- Supports PMs and project teams to ensure that partners utilize humanitarian response global principles, standards, and guidelines for the implementation of their programmes.
- Supports partners in the development of training and outreach materials.
- Supports in the facilitation of training to partner staff.
- Conducts regular field visits to partner sites to provide support, identify capacity building needs and monitor the progress of the project.

Job Responsibility #5 (5%) Human Resources Supervision of Staff.

- Prepares Personal Activity Report (PAR) for own monthly activity, and review and sign off PARs for emergency project managers.
- Leads on performance reviews on direct reports including PMs, ensures regular mentoring on individual performance and arranges for necessary action (for example further on the job training).
- Ensures that programme support team provides proper training to the emergency team.
- Monitors the overall welfare of staff (such as sickness, workload balance, work related stress), and takes the appropriate action for immediate assistance.
- Ensures Emergency Managers are kept informed about any new developments in the emergency response implementation and strategies, project plans, progress reports, and other significant developments.
- Supports recruitment of Senior emergency project staff and when relevant, supports recruitment of field staff in conjunction with Human Resources (HR) Department
- Maintains updated job descriptions, conduct interviews, orient new staff to the CARE approach to humanitarian work.
- In coordination with HR department, ensures that all new staff complete the compulsory online training.
- Assists in the selection and training of qualified humanitarian response project managers, technical advisor(s) and other programme staff, recommend promotions, and implement disciplinary action suggest termination of staff in consultation with the Senior Leadership Team (SLT).
- Maintains open lines of communication with humanitarian response PMs.
- Trains senior national humanitarian response staff to increase their responsibilities to build capacity and ensure sustainability of programs.
