

Prequalification of suppliers interested in supplying goods and services to Stromme Foundation 2023 - 2024

Stromme Foundation (SF) is a Norwegian based international development organization with vision 'a world free from poverty'. SF is a value and rights-based organization, from which it derives the obligation to support people in need, irrespective of ethnicity, religion, marital status, age, nationality, or political affiliation. The core values of SF are human Dignity: respect, Justice, and Solidarity. Through challenging, committed and long-term partnerships with local organizations, along with focused and lasting value creation for every donation the organization is entrusted with, SF aims to eradicate poverty by working with donors and partners in 13 countries in the Regions of Asia, West Africa and East Africa, where South Sudan belongs. SF's key area of focus areas Inclusive Quality Education and Income Generation and Job Creation.

The South Sudan Office of SF in Juba is an extension of the Head Office in Norway and was set up to coordinate the work of the SF partner national NGOs in the country and provides necessary services, information, etc. to its Head Office in Kristiansand, Norway.
