BACKGROUND: -

TITI Foundation is a national non-Governmental Organization (NNGO) formed by a group of South Sudanese professionals, from varied Educational backgrounds and experiences. TITI is an abbreviation of "Together In Transformational Initiatives"- promoting progress, peace and prosperity. The organization is registered (with the South Sudan Relief and Rehabilitation Commission (SSRRC), registration number 519 under chapter 3, section 10 of the 2013 South Sudan NGO Act. We have been active in South Sudan since 2016 and are committed to the safety and protection of children rights from intentional and unintentional harm. To date, we continue to offer responses for returnees, internally displaced persons (IDPs) and the host communities in need of assistance to obtain durable solutions, addressing their food security, livelihood, education, water, hygiene and sanitation, peacebuilding and conflict mitigation and nutrition needs.

Titi Foundation has strengthened household and community capacity with knowledge, skills and services to reduce economic vulnerability – efforts that will reduce the risk and impact of conflict, food insecurity, illiteracy levels, lack of access to education, lack of technical skills and unemployment, human rights abuse and other health conditions on the most vulnerable populations in South Sudan.

This project will be implemented in Kajokeji County of South Sudan.

To support this project, Titi Foundation wishes to engage reputable suppliers/companies for the supply of following items as per (or close/similar to) the attached RFQ.
