

RE-OPENING – MEDICAL DOCTOR

Medecins Sans Frontieres (MSF-Doctors without Borders) is an international independent medical humanitarian organization that delivers emergency aid to people affected by armed conflicts, epidemics, natural disasters, and exclusion from healthcare in more than 60 countries around the world. MSF offers assistance to people on need, irrespective of race, religion, gender, or political affiliation. Our actions are guided by medical ethics and the principles of neutrality and impartiality.

Location: Abyei Special Administrative Area
Open to: South Sudanese Only
Opening Date: 10th May 2023
Closing Date: 31st May 2023
Number of Opening: Pool

Main Responsibility:

Provide outpatient and/or inpatient medical care to patients/beneficiaries according to adapted and updated medical knowledge, **MSF** protocols, values, and universal hygiene standards to improve the patients/beneficiary's health conditions.

Scope of responsibilities:

- Apply medical knowledge and skills to diagnosis and prevention. Carry out outpatient and inpatient consultations, prescribing the necessary treatment respecting **MSF** protocols.
- Keep the patient and/or his/her family informed about the illness and provide appropriate explanations about the treatment to follow, checking they have understood.
- Follow up on the evolution of the hospitalized/IDP patients, through daily visits, consultations, and examinations, prescribing the necessary treatment following **MSF** protocols, deciding whether they can be discharged or transferred to other departments – in collaboration with other doctors- and informing their family about the patient's evolution.
- Check and control the rational distribution of medicines and equipment under his/her responsibility and take care of the quality, disinfection, and sterilization of the medical material. Assure general compliance with standing hygiene standards.
- Participate in the collection and analysis of epidemiological data, checking its validity and informing the line manager or project coordinator about any problem or complication of the patient's illness, or medical error and monitors the proper functioning of the department, equipment, or material.
- Ensure ongoing training of the medical/paramedical multidisciplinary team in order to optimize the quality of care.
- Knows and ensures all MSF medical protocols are followed and implemented, checking universal precautions are followed at all times and reducing bio-hazard risks, and improving infection control. Ensures professional confidentiality is respected.
- Manage the team under his/her direct responsibility according to MSF HR policies and procedures, supervising their performance, organizing and scheduling shifts and rotations, and directly participating in emergencies and on calls if necessary.
