## **Call for Preselection**

Malteser International (MI) is the international humanitarian relief agency of the Sovereign Order of Malta. For over 60 years we provide relief and recovery for people during and following conflicts and disasters around the world. Christian values and humanitarian principles form the foundations of our work. In over 30 countries in Africa, the Americas, Asia and the Middle East, we support people in need – regardless of their religion, origin or political convictions.

Malteser International has been working in the geographic area of today's South Sudan since 1996. MI implements a multi-sectoral program including Food & Nutrition Security, Livelihoods, WASH, health and peaceful conflict resolution. This includes activities such as agricultural trainings, cash distributions, food for education and access to water, sanitation and hygiene. The program is aiming to increase its work with local partner organisations in order to optimise its sustainability. Furthermore, MI applies a participatory, gender sensitive and inclusive approach in its programming. As of today, MI maintains its country office in Juba while operating a program office in Wau and project offices in Uyujuku and Yei.

To support our activities, we invite suppliers registered under the Law of South Sudan in Wau to participate in a preselection process for registering into MI Wau Office internal database of suppliers and service providers for below listed categories. Applications for entire categories, for combined categories or for single category will be accepted. Please note that a participation in the preselection process does not impose any obligation on MI to request bids from suppliers or service providers.

Categories:

- A) Supply of WASH material: (Soaps, jerry cans, buckets, basins, ibrik, cups, plates, jugs, shelter, shelter kits, blankets, tarpaulin, mosquito nets, sand bags, etc.),
- F) Supply and installation of solar equipment and accessories (solar batteries, 200-watt solar panel kits, inverters, cables, racks, solar pump, solar security light, solar chargers, etc.),
- X. Supply of agricultural items (seeds and tools),
- Y) Supply of construction materials (Iron bars, iron sheets, angle bar, timber, nails, cement, sand, aggregates, bricks, blocks, binding wires, etc.),

Preselection process will be closed on 10th July 2023. Applicants, who have not received any notification from MI until the deadline of the process, should consider themselves unsuccessful in the preselection.
