

REQUEST FOR PROPOSAL (RFP)

SSD/CSS/0001/RFP23-0006

Request for Quotation from Qualified vendors for Construction of (9) Temporary Learning Spaces (TLS) In Lafon and Budi Counties- Eastern Equatoria

- ❖ CSS is requesting for the Submission of Proposals from interested Vendors for the construction of (9) Temporary Learning Spaces (TLS) in Lafon and Budi Counties described below. The delivery of goods shall be at CSS Filed Office in Torit Dioceses and to Lafon and Budi Counties to selected schools. Our office is in Torit (Caritas Diocese of Torit or to the project sites) in Lafon and Budi Counties. We are in Juba Town- South Sudan.

Nature of Works:

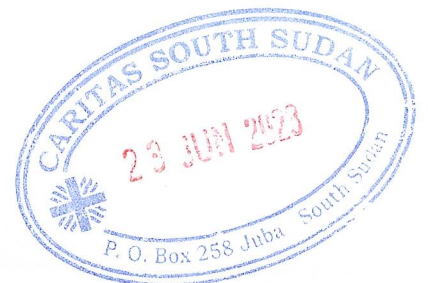

- ❖ Construction of 9 Temporary Learning Space (TLS) of two classroom each According to MOGEI Approved TLS Design in Lafon and Budi Counties -Eastern Equatoria state.
- ❖ CSS is seeking potential qualified and Experienced Construction Company from South Sudan to bid for the Construction of 9 TLS in Lafon and Budi Counties -Eastern Equatoria.

Documents to be submitted are:

- ❖ Original company technical and financial proposals with the final total cost.
- ❖ Valid certificate of incorporation (including a copy of updated stamp
- ❖ Valid Business operational licenses
- ❖ Valid Tax clearance certificate
- ❖ Minimum of three (3) contract/purchased orders of similar nature, value and complexity implemented during the last 3 years.

General Terms and Condition:

- ❖ CSS Standard terms and condition will be applied to any order placed in this Purchase Requisition Form (PRF).
- ❖ All conditions affecting prices, service delivery or terms of payment must be indicated in this RFP.
- ❖ Bidder must clearly state the currency of the Proposal
- ❖ RFP is not an offer to purchase but rather represents an invitation to vendors to submit a response to requisition.
- ❖ Vendors are strongly recommended to attach catalogue of items with Quote.
- ❖ If you do not intend to quote. Please return this bid document Mark I WILL NOT BID
- ❖ CSS reserved the right to awards in whole or in part unless otherwise stipulated by the vendors in which Case CSS will consider all factors at the time of evaluating the bid.
- ❖ Items that include artwork and sample for approval will be required production and mass printing.

- ❖ The Vendor further warrants that:
 - (a) It shall take all appropriate measures to prevent actual, attempted or threatened sexual exploitation or abuse (SEA) by its employees or any other persons engaged and controlled by it to perform any activities under this tender. In addition, it shall take all appropriate measures to prohibit its employees or other persons engaged and controlled by it from exchanging any money, goods, or services at their disposal under this bid, for sexual favours or activities.
 - (b) It shall strongly discourage sexual relationships between its employees and CSS beneficiaries, and between any other person engaged and controlled by it to perform activities under this tender and CSS beneficiaries.
 - (c) It shall take all appropriate measures to ensure that its employees or any other persons engaged and controlled by it to perform any activities under this bid do not engage in sexual activity with children (persons under the age of 18) regardless of the age of majority or age of consent locally. Mistaken belief regarding the age of a child is not a defence. This prohibition shall not apply where the employee or other person engaged and controlled by it to perform activities under this tender is legally married to someone under the age of 18 but over the age of majority or consent in their country of citizenship.
 - (d) It shall report all and any complaints or concerns regarding possible SEA by its employees, any other persons engaged and controlled by it to perform any activities under this bid, or CSS personnel; and it shall take all appropriate measures to ensure that its employees or any other persons engaged and controlled by it to perform any activities under this tender shall report to CSS and/or the Vendor any complaints or concerns regarding possible SEA.
 - (e) It shall take all necessary measures to investigate allegations or suspicions of SEA and take appropriate corrective action, including disciplinary action, against its employee or any other person engaged and controlled by it to perform any activities under this tender who is found to have committed SEA.
 - (f) Its failure to take preventive measures against SEA, to duly report any complaints or concerns about SEA to CSS, to investigate allegations thereof, or to take corrective action when SEA has occurred, shall constitute grounds for termination of this tender.
 - (g) In the event of subcontracting approved by CSS in accordance with this tender, it shall receive a written confirmation from subcontractors that they accept the standards above and shall include them in all subcontracts.
- ❖ Any Question be sent to : director@caritassouthsudan.org Copying (CC)

STANDARD BILL OF QUANTITIES FOR THE CONSTRUCTION OF A TEMPORARY CLASSROOMS TO BE BUILT IN LAFON & BUDI COUNTIES

| S/No | DISCRIPTION | UNIT | QTY | COST | AMOUNT(USD) |
|---|--|----------------|-----|------|-------------|
| Note; unless otherwise state rate includes materials, labor and transport cost | | | | | |
| 1.11 | Mobilization of personnel, equipment and materials to execute the work | LS | | | |
| 1.12 | Clear site of all grass, shrubs, debris, undergrowth including small trees not exceeding 600mm girth and cart away from the site | M ² | | | |
| 1.13 | Excavation of 400 x 400 x900mm hole ready to receive metallic steel poles of size 100mm x100mm x 3mm | M ³ | | | |
| 1.14 | Cast hallow steel section poles footings with concrete of mix ratio 1:2:4/20 concrete | M ³ | | | |
| 1.15 | Supply and fix 100mm x 100mm x 3mm HSS steel poles, casted with 1:2:4 concrete as specified in drawing and apply anti-termite | M | | | |
| 1.16 | Import and backfill 200mm thick marram of approved quality, well compact and levelled where (in areas without murram compact natural solid mixed with sand and spread on top sand before it receives concrete slab and screed) | M ² | | | |
| 1.17 | Cast 75mm floor slab with reinforced concrete slab of mix ratio 1:2:4/20 concrete | M ³ | | | |

| | | | | | |
|-------|--|----------------|--|--|--|
| 1.18 | Substructural walls - walls covered with 230mm thick walls in bricks in cement sand (1:4) mortar 400mm high from foundation floor level. | M ² | | | |
| 1.19 | The front face and the rear face of the walls covered with, bamboos, Iron sheets or Timber walling using 1x12 inch Timbers screwed onto the steel poles, their prices differ according to the locations (options: of iron sheet, or clay burnt bricks masonry in location without bamboos or timbers be considered case by case) | M | | | |
| 1.2 | Iron sheet for side elevation upper level | M ² | | | |
| 2 | ROOFING WORKS | | | | |
| 2.1 | Roof cover in G-28 corrugated Iron Sheet (0.25mm hard product) screwed on 40x40mm HSS roof purlins, 60x40 rafters, 40x40 ties and struts and 60x40x1.5mm thick tie beam, price includes ridge cover, screw nails, and other accessories (roof cover measured in actual projection and roof structured measured separately). Note all metallic structure used should be coated with anti-rust proof | , | | | |
| 2.1.1 | Roof covering: 28 gauge corrugated coloured iron sheets | M ² | | | |
| 2.1.2 | Ridge capping | M | | | |
| 2.1.3 | 60x40x2mm Hollow steel section wall plate | M | | | |
| 2.1.4 | 60x40x2mm Hollow steel section Rafters | M | | | |
| 2.1.5 | 40x40x2mm Hollow steel section purlins | M | | | |
| 2.1.6 | 60x40x2mm Hollow steel section tie beams | M | | | |
| 2.1.7 | 40x40x2mm Hollow steel section struts/ties | M | | | |
| 2.1.8 | Facia board steel plate 200mmx2mm | M | | | |
| 3 | FITTING AND FLOOR FINISHES | | | | |
| 3.11 | Provide and make a door 900x2100mm with iron sheets device | Nos. | | | |
| 3.12 | Blackboard: 4200mmx1200mmx16mm thick plywood | Nos. | | | |
| | Total budget for TLS Construction | | | | |
