

Vacancy Announcement

Job Title: State Project Manager (1)
Band / Level / Grade: 7B
Department: Health
Location: Warrap State
Status : (local Position) Non-Relocatable

BACKGROUND: The International Rescue Committee, one of the world's largest humanitarian agencies, provides relief, rehabilitation, and post-conflict support to victims of oppression and violent conflict in 42 countries. IRC is committed to bold leadership, innovation, and creative partnerships. South Sudan, an independent nation since 9 July 2011, is emerging from decades of brutal civil war rooted in disputes over religion, ethnicity, resources, governance, and self-determination. The security situation remains fragile, and the operational context is challenging. IRC has been in South Sudan since 1989 and currently operates in Northern Bahr el Ghazal, Lakes, Unity, and Central Equatoria States.

JOB OVERVIEW: The State Project Manager is responsible for coordinating, supervising, and ensuring timely implementation of all LLIN mass distribution activities in their assigned state. The position provides state-level leadership, ensuring effective planning, logistics, digital data management, stakeholder coordination, and delivery of LLINs to all households through the single-phase, door-to-door approach. This role requires excellent operational management skills, strong government engagement, and the ability to work across dispersed counties and payams. The incumbent will lead and manage all project operations within the assigned state, ensuring effective planning, coordination, and digitalized LLITN distribution in collaboration with county and state health authorities.

Key Responsibilities

Project Implementation & Coordination

- Develop and manage state-level micro plan plans, activity schedules, and distribution plans in alignment with the regional guidance
- Coordinate with State Ministry of Health, County Health Departments, and local leadership on all campaign preparations across counties and payams, ensuring readiness for distribution.
- Supervise county-level staff and ensure smooth daily operations during registration and distribution.
- Ensure all state activities align with NMCP, SMOH, and UNICEF guidelines.

Logistics, Warehousing, and Supply Chain Management

- Oversee LLIN receipt, verification, stacking, and documentation at state and payam warehouses.
- Monitor movement of LLINs from state warehouses to counties and payams, ensuring compliance with transit insurance requirements.
- Ensure proper functioning of payam distribution hubs, including loading/unloading, security, and stock management.
- Track logistics flows daily to prevent losses, delays, or stock misallocation.
- Lead the reverse logistics process, ensuring timely retrieval of surplus LLINs, unused tools, and devices from payams.
- Oversee comprehensive reconciliation of stock balances and resolve discrepancies with county teams.

December 2025

- Prepare and submit final state-level reconciliation reports to the regional office.
- Monitor LLITN stock availability, transport, and warehouse coordination in collaboration with Logistics Officers

Digital System Management and distribution oversight

- Supervise training of enumerators and county supervisors on digital data tools and distribution protocols.
- Ensure adherence to digital household registration, real-time data entry, and correct use of devices.
- Validate digital data reports submitted from counties and address inconsistencies promptly.
- Coordinate with Digital Data Officers to ensure system functionality, troubleshooting, and timely submission of complete datasets.

Quality Assurance & Monitoring

- Conduct supportive supervision during household registration and LLITN distribution.
- Review county-level data for completeness, accuracy, and compliance.
- Produce weekly progress summaries and a comprehensive state-level report.
- Conduct routine field visits to counties and payams to monitor distribution progress and compliance.
- Document and submit all operational, security, or data-related incidents to the Regional Coordinator within 24 hours

Stakeholder Engagement and SBC Coordination

- Serve as the state focal point for engagement with: State Ministry of Health (SMOH), County Health Departments (CHDs), Community leaders and administrative authorities and Local implementing partners
- Facilitate SBC activities in collaboration with regional teams, ensuring consistent messaging on LLIN use and care.
- Support local-level mobilization, advocacy, and social communication efforts.

Required Qualifications and Experience

Education

- Diploma in public health, Development Studies, Social Sciences, Logistics/Supply Chain Management, or related field.
- Additional training in humanitarian operations, campaign management, or M&E is an added advantage.

Experience

- Minimum 5 years of relevant field experience in health campaigns, mass distribution programs, or large-scale humanitarian operations.
- Previous experience in LLIN distribution activities is strongly preferred.
- Proven experience in coordinating government and community-level health structures.
- Demonstrated experience in digital data systems (DHIS2, mobile data collection applications).

Skills

- Strong coordination, communication, and interpersonal skills.
- Ability to lead teams in remote, insecure, and resource-limited environments.

December 2025

- Sound understanding of supply chain and last-mile delivery systems.
- Competence in data management, analysis, and reporting.
- High integrity and accountability.

Duty Station: State level- Kuajok

Reports to: Regional Coordinator

Supervises: County Logistics Officers, County Data Officers, Distribution Teams
