Background

Charity and Empowerment Foundation (CEF) is a local national and not for profit organization established in 2017 to address the most urgent and pressing needs of the people of South Sudan. The aim of forming CEF is to lead positive social change by empowering communities to improve their healthy living conditions, fight poverty, illiteracy, marginalization, injustice, dictatorship, and traditional institutions that oppress and discriminate women. By following its mission, CEF launched the implementation of the project “Enhancing Emergency Food Production for People Affected by Severe Food Crisis in Central Equatoria –Mangala Payam” with the funding from Mastercard Foundation – a scholars’ program in Wellesley University, College of Entrepreneurships, Massachusetts, USA, Bolton. This fund will be used to empower low-income subsistence farmers in South Sudan through provision of treadle irrigation pumps, farming tools and seeds to improve their living standard.

Duties/Assignments:

The FSL Extension worker (An Intern) will:

- Participate and contribute in all the assessments, planning, development, implementation, training, monitoring and evaluation of activities that are related to FSL programming in Mangalla.
