- Ensure project team members carry out their field duties effectively
- Attend regular cluster coordination meetings, planning, systems development and training, and day-to-day follow-up of project plans and deliverables

Clinical management:-

- Assume responsibility for ongoing nutrition program activities at the designated field site.
- Ensure active screening and management of children and pregnant women for malnutrition in line with the set CMAM guidelines.
- Assist the staff in the implementation of CMAM activities within the project sites
- Ensure strict adherence to breast milk substitute guidelines for beneficiaries.
- Participate in Nutrition team meetings and learning events including continuous medical education sessions (CMEs)
- Participate in site emergency responses as required.
- Ensure the Supplementary Feeding Program (SFP) activities are implemented successfully to moderately malnourished under-fives, pregnant/lactating mothers considering individuals with medical conditions (HIV/AIDS and TB).
- Implement comprehensive maternal infant and young child nutrition program (MIYCN) with strong Baby Friendly Hospital Initiative (BFHI) and Baby Friendly Community initiative (BFCl
- Approaches.
- Offer nutrition support through counselling to individuals with medical conditions including Comprehensive Care Clinic clients.

Administrative/ Coordination:-

- Assist the ENC in the overall management, implementation and development of the emergency Nutrition Programme.
- Ensure effective management of IRW south Sudan Emergency Nutrition Programme and associated budgets to the community members in the county of focus.
- Ensure that the Emergency Nutrition are appropriately linked where possible to IRW-SS other resilience and longer term development programmes
- Work in Collaboration with Health Officer.
- Disseminate IR Nutrition objective to key concern party.
- Represent the organization in relevant forums and meeting in the county and the state, coordinating with health officer.
- Enhance integration of Nutrition activities with other key programs like Health, WASH and Livelihood.

- Supervise and work in strict collaboration with the nutrition staff in the activities that they undertake.
- Conducting on job training to the nutrition staff on a continuous basis
- Conduct trainings on CMAM and MIYCN to other mainstream health professionals.
- Provide information for analysis and ensure timely reporting.
- Provide input into the design, delivery and revision of nutrition projects.
- Develop and maintain excellent relationships with partners, CHD, SMOH, Other Local and INGO- organizations and community groups.
- Provide regular feedback from key persons, residents, and vulnerable groups, on program activities. Participate in any other duties as assigned by your supervisor.

Monitoring and Evaluation

- Participate in development of evaluation tools, and compile and enter data into computer data base for program evaluations and surveys.
- Plan and Participate in the assessment, monitoring and evaluation of nutrition projects, including nutrition surveys, mass response and nutrition education projects at their respective sites.

Required Qualifications:

- Bachelor degree in Food, Nutrition and Dietetics from a recognized University.

Should be registered with relevant nutrition body in South Sudan

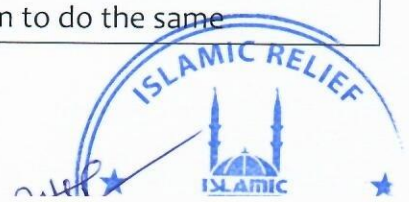

Required Experience & Competencies:

- Minimum 2- 4 years' work experience in community nutrition and implementation (CMAM).
- Should be able to understand project cycle.
- Experience in maternal infant and young nutrition with strong BFHI & BFCI approaches.
- Experience in nutrition survey and assessments.
- Good communication and interpersonal skills.
- Strong report writing and team working skills.
- Knowledge in computer packages and basic analysis skills.
- Ability to work in hardship areas (previous experience in a camp setting will be an added advantage).

Skills And Behaviors

Ambition; Integrity; Collaboration and Creativity:

- Sets ambitious and challenging goals for themselves and their team, takes responsibility for their own personal development and encourages their team to do the same

- Widely shares their personal vision for IRW engages and motivates others future orientated, thinks strategically and on a global scale.
- Builds and maintains effective relationships, with their team, colleagues, and external partners and supporters.
- values diversity, sees it as a source of competitive strength
- Approachable, good listener, easy to talk to.
- Develops and encourages new and innovative solutions
- Willing to take disciplined risks.
- Honest, encourages openness and transparency; demonstrates highest levels of integrity
