Country Program:	South Sudan
Location of Position:	Panyijar (#1) – Nyal Office
Position Opened for:	South Sudanese only (Internal/External)
Desired Start Date:	February 01, 2023
Advertised date	January 16, 2023
Closing Date for Applications:	January 23, 2023

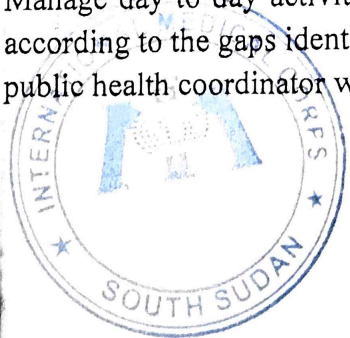

Organizational Background

International Medical Corps is a global, humanitarian, nonprofit organization dedicated to saving lives and relieving suffering through health care training and relief and development programs.

Established in 1984 by volunteer doctors and nurses, International Medical Corps is a private, voluntary, nonpolitical, nonsectarian organization. Its mission is to improve the quality of life through health interventions and related activities that build local capacity in underserved communities worldwide. By offering training and health care to local populations and medical assistance to people at highest risk, and with the flexibility to respond rapidly to emergency situations, International Medical Corps rehabilitates devastated health care systems and helps bring them back to self-reliance.

Essential Job duties / Scope of Work:

- Manage day to day activities at the Outreach team & develop the staff capacity according to the gaps identified and report to his/her immediate supervisor and the public health coordinator when need arises for further support.

- Ensure regular and adequate drugs and medical supplies to avoid stock outs in coordination with relevant medical and logistic personal and end rational use of drugs.
- Prepare detail work plan and budget plan for the primary health care program and ensure that the planned activities are implemented according to the work plan within the planned budget with good quality as per the national and IMC standards
- Conduct regular visits through the camp and community to observe the conditions, gather feedback from the patients & partners and critically analyse the context.
- Ensure vaccination and catch-up campaigns are carried out in the outreach sites.
- Demonstrate universal infection prevention control practices in the working places by adhering to strict measure of IPC describe in SOPs.
- Make sure that Cold Chain/Cold box is maintained properly and there is no stock out of vaccines and consumables,
- Strengthen health delivery system to improve disease prevention and control, Immunization, Antenatal care & family planning services in targeted areas.
- Coordinate and undertake the health baseline survey and facility audit assessments.
- Develop, implement, and evaluate quality assurance measures and ensure appropriate follow up.
- Support M&E, Reproductive Health & PHC team to establish reporting systems and data flow mechanisms and ensure proper functioning of the systems for regular assessment, monitoring, and evaluation of the program against its objectives and expected results.
- Represent International Medical Corps in health-related meetings with other international agencies, local leaders, and government bodies.
- Any other task given by the supervisor to strengthen the program.
- Make sure that Cold Chain/Cold box is maintained properly and there is no stock out of vaccines and consumables,
- Regular conduct meetings with staff on program and report to Technical Health Officer.

Prevention of Sexual Exploitation and Abuse

- Actively promote PSEA (Prevention of Sexual Exploitation and Abuse) standards within IMC and amongst, vendors-suppliers and beneficiaries served by IMC.

The Primary Health Care Coordinator is also expected:

- To provide services while showing respect to clients' rights, privacy, and dignity.
- To ensure confidentiality and respect in line formed choice.

- To maintain a positive working relationship with clients, colleagues and community and embrace professionalism, teamwork, integrity, and medical work ethics.

Compliance & Ethics: Promotes and encourages a culture of compliance and ethics throughout International Medical Corps. As applicable to the position, maintains a clear understanding of International Medical Corps' and donor compliance and ethics standards and adheres to those standards. Conducts work with the highest level of integrity.

Ethical conduct for IMC staffs: The International Medical Corps maintains a code of standards of conduct that shall govern the performances of its employees engaged in the award and administration of contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported/ by donor funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or about to employ any of the parties indicated above, has a financial or other interest in the firm selected for an award. IMC officers, employees, or agents shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to sub-agreement. These standards shall provide for disciplinary actions to be applied for violations of such standards by IMC officers, employees, or agents.

Personnel Qualifications (special training/experience required)

- MD/MMBS degree or Degree in Public Health from a recognized medical institution.
- Must have more than 2-3 years of experience in managing primary health care services with international humanitarian NGO is a plus.
- High computer literacy level with expected proficiency in Word, Excel, PDF, Internet
- Ability to work independently in extreme high-risk environment with no internet or telephone communication and able to take personal initiative, and multi-task including strong facilitation skills in an ever changing and extreme environment.
- Extremely flexible and could cope with stressful situations and frustrations.
- A South Sudanese by nationality with excellent written and spoken English and Arabic language skills.
